## HORROR

Of Experience in Collapse  
of Building Drives Men  
Insane

NINE LOSE LIVES IN  
AKRON DISASTER

Were In Restaurant Having  
Supper

THREE PROBES STARTED

Authorities Say Walls of  
Restaurant Were Weak-  
ened By Blasting In Exca-  
vation for Building Next  
Door—Father, Mother and  
Child Among the Victims  
—List of Dead.

(ASSOCIATED PRESS TELEGRAM)

Akron, O., May 16.—At least nine were killed and twenty two injured here last evening when the Crystal restaurant at Main and Quarry streets, its foundations weakened by the blasting in the excavation for the erection of a building just north of it, collapsed and slid into the huge hole in the ground.

Nine are known to be dead, all of them having been identified. Twenty two lie injured in hospitals. Three persons, one a man, the father of a child killed in the wreck, another man and a woman are missing.

Until late at night, firemen and police surrounded by a packed mass of citizens, who flocked to the scene from every corner of the city worked in the wreckage hunting for other bodies of persons hurt.

Then, with the search not yet abandoned, city and county authorities began an investigation. Sensational reports of the nearly blasted building were received by Mayor Lyon and County Prosecutor Kennedy. An inquest will be held today and the grand jury now in session, may begin an inquiry.

The entire property loss in the disaster is estimated at \$26,000.

Two hospitals were filled with the dead, dying and injured within two hours after the disaster. In one hospital are two men who went insane from the horror of their experience in the disaster.

State, county and city probes of the collapse of the restaurant, were to be started Tuesday.

Corner E. S. Lyon early Tuesday announced that he would confer with County Prosecutor C. P. Kennedy some time during the day and get his investigation under way as soon as possible.

Mayor W. J. Laub said he would direct a city investigation. State building inspectors were reported enroute here from Columbus to determine causes for the disaster and fix responsibility.

It was conceded by authorities that responsibility lay among building inspectors, contractors excavating for the Jackson block adjoining the restaurant on the north, and Henry Green, saloonist, owner of the building.

The building, a one story brick affair, collapsed following the exploding of four dynamite blasts by employees of Franklin Brothers, contractors, who are doing the excavating. An official investigation will be required to determine the exact cause. The blasting, authorities say, was the immediate cause; but they aren't sure about the precautions taken by the dynamiters and the owners of the restaurant building.

Ever though no criminal responsibility can be fixed huge damage suits are certain to result. William C. Lawson, expert chemist, came to Akron a month ago with his wife and daughter, Mary, to take a position in the experimental department of a rubber company. They were living on North Hill but had taken dinner downtown Monday night.

Their choice of a place to eat fell on the Crystal restaurant.

As 100 volunteer workers pulled away a great section of the restaurant roof they found a woman with a little girl in her arms and near them a man. The woman regained consciousness half an hour later at a local hospital. Her first inquiry was for her child. They told her the little girl was dead. Then, while the inquirer was about her husband, inquiry was made by telephone at home. A reply came at once. Lawson had died within a few minutes of his arrival there. The woman again collapsed.

The Dead.

William C. Lawson, Akron.

Marv Lawson, aged 5, his daughter.

Rev. James G. Thomas, Cumberland, Md.

Blanche Kline, aged 26, Mansfield.

C. A. Tompkins, Cincinnati.

Mrs. Ed Gallup, Cambridge.

Dorothy Kenyon, aged 21, Western Union operator, Akron.

Mildred Wicks, aged 18, waitress, Wadsworth.

H. M. Roney, Akron.

One girl not identified.

The Injured.

W. F. McDougall, cut about face and hand.

W. F. McDougall, leg broken.

## 150,000 IN PARADE FOR PREPAREDNESS

This photograph of the New York preparedness parade, in which 150,000 marched Saturday, was taken looking south from 38th street as the columns moved up Fifth avenue.

MOTT DISCUSSES  
EFFECTS OF WAR  
ON THE Y. M. C. A.

Closing Sessions of Convention in  
Cleveland Will Be Held at 6  
O'clock—Russian Concert.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, May 16.—Today brought the closing sessions of the International Y. M. C. A. convention and it was announced this morning that Major General Leonard Wood of the U. S. army, who was expected to give an address this evening would not be present, as he is at a military camp at Oglethorpe, Georgia.

Arrangements were then made to close the convention at six p. m. with an address by General Secretary John R. Mott on "The Added Responsibility of the North American Association Occasioned by the War."

The forenoon session was devoted to consideration of the reports of the committee on findings and of the committee on the international committees report. Deal E. I. Bosworth of Oberlin also spoke.

This afternoon the various sections will give way to geographical groups, representing the following districts: Canadian, Eastern, Southern, Central Western, Western and Pacific.

The Russian cathedral choir will give a concert at the last session of the general convention late this afternoon, preceding Dr. Mott's address.

MAY RECONSIDER  
VOTE ON RUBLEE  
FOR FEDERAL JOB

(ASSOCIATED PRESS TELEGRAM)

Washington, May 16.—Reconsideration of the vote by which the senate late yesterday refused to confirm George Rublee, of New Hampshire, as a member of the federal trade commission, was discussed as a possibility today by supporters of the nomination. Senator Hollis, of New Hampshire, who led the fight in behalf of confirmation, is in a position to move for reconsideration since he changed his vote in order that he might do so.

The rejection of the nomination was regarded as a victory for Senator Gillinger, of New Hampshire, who for almost a year and a half, had fought Mr. Rublee in the face of vigorous administration support on the ground that he was "personally obnoxious" to him.

## BRAKEMAN KILLED

(ASSOCIATED PRESS TELEGRAM)

Portsmouth, O., May 16.—Thrown off a train he was riding, C. W. Waldo, of Onawa, Wis., a brakeman, was instantly killed at a construction camp on the Chesapeake & Ohio railroad at Harrisonville, near here, today.

Waldo was 35 years old.

Waldo was 35 years old.

## FLEET

Of German War Vessels  
Leaves Kiel for Riga  
Gulf

WHERE RUSSIANS ARE  
EXPECTING ATTACK

In Connection With Land  
Operation

NEW VERDUN MOVEMENT

Indicated By Heavy Shell-  
ing of French Lines East  
of Fortress—Only Infan-  
try Action Reported is  
the Repulse of German  
Grenade Attack North-  
east of Verdun.

German activities on the Verdun front are being continued energetically west of the Meuse where the French positions in Avocourt wood and on Hill 304 are being subjected to an incessant bombardment.

There is a hint of possible developments of importance east of the fortress, on the French right flank, heavy shelling of the French lines in the Eix and Moulainville sectors of the Woerthe region being reported.

The only infantry activity mentioned in the afternoon official bulletin from Paris, was in the vicinity of the Thiaumont farm, north-east of the fortress, where a German hand grenade attack is declared to have been completely repulsed.

News is awaited as to further movements of the fleet of German battleships reported last night to have left Kiel for Riga. Petrograd recently has indicated an expectation that a powerful offensive by the Germans against the Riga-Dvinsk front was in immediate prospect. Whether a sea operation is to be undertaken in conjunction with the land movement remains to be developed.

Italy is following the example of Great Britain and France in prohibiting the importation of certain luxuries and bulky articles not strictly necessities, as a measure conserving the national resources for war purposes and to lessen the strain upon ocean traffic.

The preliminary hearing in the case of Sir Roger Casement, charged with high treason in connection with the recent Irish rebellion, is being continued in London with testimony tending to connect Sir Roger with the landing of the Casement party from a German submarine at Tralee on the eve of the uprising.

## MEXICO

DOES NOT WANT WAR WITH THE  
UNITED STATES SAYS AM-  
BASSADOR TO JAPAN.

Colonel Romero is Enroute to Far  
East After Visit to His Native  
Country.

(ASSOCIATED PRESS TELEGRAM)  
Seattle, Wash., May 16.—Colonel M. Romero, Mexican ambassador to Japan, is in Seattle today with his family and members of his official staff, enroute to his post. The party will sail for the Orient from Vancouver on May 18.

"I am simply on my way back to Japan with my family and members of my staff, after visiting my home in Mexico for a few months," said Colonel Romero. "I have no other mission in Japan save as a diplomatic representative of my government. It was charged when I went there a year ago that I had been sent by Carranza to enlist Japanese aid against the United States. That has been over a year ago now, and there has not been any trouble with Japan."

"Mexico does not want war with the United States, but if war is forced upon her, there will be a united people, a race who are now trained fighters, to oppose the United States. War would mean the ruin of Mexico and would mean the loss of thousands of lives of American soldiers and the expenditure of millions from the treasury of the United States. Our first act on the declaration of war would be the burning and destruction of all oil wells, railroads, mines and the like lest they fall into the hands of the invaders."

"Villa, I think is alive. He has been 'killed' too for me to believe in his death until I see his body, but the Carranza forces are well able to deal with him and others like him."

## LABOR CONDITIONS BETTER

(ASSOCIATED PRESS TELEGRAM)

Pittsburgh, May 16.—Labor conditions in the Pittsburgh district were much improved today when practically all the striking workmen at the plants of the Westinghouse Electric & Manufacturing Company in East Pittsburgh returned to work and enough men entered the shops of the Pressed Steel Car Company to warrant the statement by the management that the strike was over.

## DAY IN CONGRESS

The congressional business for today is thus summarized:

Senate.

Met at noon.

Army reorganization conference report submitted.

Debated Kenyon resolution for open executive sessions for consideration of nominations.

House.

Met at 11 a. m.

Debates begun on government shipping bill.

## ROUMANIAN PRINCE FIGHTING IN FRANCE

Prince Comteacuzene.

The Roumanian Prince Comteacuzene, who visited the United States two years ago, is now actually on the French front fighting for the allies. The prince's wife is an American girl.

BANDITS HELD  
RESPONSIBLE FOR  
A BAD WRECK

(ASSOCIATED PRESS TELEGRAM)

El Paso, Tex., May 16.—Bandits thought to be Mexicans from across the Rio Grande early today removed the spikes from a number of ties on the Southern Pacific railroad, causing the derailment of the east-bound Sunset Express.

The wreck occurred near Fort Hancock, 54 miles east of El Paso. Six persons are reported hurt, three of them seriously. Texas rangers and deputy sheriffs left on the wrecking train for the scene.

MAN LOSES AN EYE;  
SUPREME COURT  
GIVES HIM \$25,000

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 16.—Reversing the Cuyahoga county court of appeals, the supreme court today awarded John Haas, of Westpark, \$25,000 damages for the loss of an eye at the furniture factory of Theodore Kundtz, Cleveland. Haas was struck by a piece of wood thrown by the foreman into a machine. The Kundtz estate must pay the damages.

SHOE RETAILERS  
CALL A MEETING  
TO TALK SHORTAGE

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, May 16.—The national shoe retailers association, with headquarters in this city, has called a conference of allied industries from all parts of the country to consider abnormal conditions making for an acute shortage of labor and shoe findings generally, as well as material price advances on shoes and the outlook for a real merchandise famine by fall.

A. H. Geuting, secretary of the association, in discussing the proposed conference, said today: "Existing extraordinary conditions and the prospect of a serious shortage of leather very soon are alarming everybody in the trade. One of the things we hope to accomplish through the conference of allied industries is elimination of waste. It is no longer a question of price in the trade, but of getting merchandise and raw materials. Shoes will cost more and, in fact, are already costing more over the counter."

"MUSIC HATH POWER  
TO SOOTHE BEAST"  
MOOSEMEN TRY IT.

(Associated Press Telegram)

Chicago, May 16.—The committee in charge of arrangements for the Progressive national convention to be held here next month are planning to fill in waits which occur between speeches and committee reports with music, it was made known today. Fifty musicians have been engaged and a number of grand opera stars are under consideration.

RIB DEFLECTED  
KNIFE'S BLADE;  
LIFE IS SAVED

(ASSOCIATED PRESS TELEGRAM)

Anthony Matheney, suffered from a deep knife wound in the left side just below the heart, is in the county jail by reason of his failure to pay a fine of \$5 and costs, and John Bippus, occupies an adjoining cell awaiting action of the next grand jury on a charge of cutting with intent to wound. The men were arrested early last evening following a fight which occurred in the vicinity of the old brewery.

According to the police, Matheney and Bippus were drunk when an argument ensued between them which followed the altercation Bippus drew a knife and plunged it into Matheney's left side. The blade struck a rib deflecting the blade in its course which Matheney's life, as it penetrated the body near the heart.

The men were taken to the city prison and a physician examined Matheney's wound which was not serious. Bippus was charged with cutting with intent to wound and Matheney was charged with being drunk. This morning when the men were arraigned before Mayor Bigbee both pleaded guilty. Matheney was fined \$5 and costs and Bippus held to the grand jury in the sum of \$500. Both were taken to the county jail.

Bippus is well known to the police. Several years ago, while on parole from the Mansfield reformatory, Bippus and a companion are said to have blown a safe in the vicinity of Mansfield. Bloodhounds were put on the case and trailed Bippus to Chicago Junction where he was arrested and taken back to the reformatory. At the time Sheriff Swank, then a member of the police department was called to Chicago Junction to identify Bippus.

One drunk was fined \$5 and costs and two train riders were each fined \$1 and costs.

The Zanesville authorities notified Chief Sheridan last night that they had arrested and were holding two negroes wanted in Newark for the robbery of a woman. Chief Sheridan immediately wired the Zanesville police that there was a mistake, as no negroes were wanted here for any crime.

STEAMER COMES  
INTO PORT WITH  
HOLE IN HULL

(Associated Press Telegram)

New York, May 16.—The Swedish steamer Grekland limped in at quarantine this morning with a hole in her port side above the water line under the poop resulting from a collision off Sandy Hook with the Italian steamship San Giovanni. The mishap occurred about midnight in a thick fog while both vessels were outward bound from this port. The San Giovanni anchored outside the harbor, apparently not badly damaged.

The Grekland started yesterday for Kirkwall, Scotland, with a general cargo and the Italian steamship, likewise cargo laden, got under way about the same time for Genoa. When they collided the Grekland sent out wireless signals of distress and several vessels hurried to her aid. She was able to enter the harbor, however, under her own steam.

Of Northern and Southern  
Methodist Churches Clasp  
Hands

AND DELEGATES SING  
PRAISES

As They Vote to Unite the  
Church

AN IMPRESSIVE SCENE

Marks Action of Delegates  
in Saratoga Conference  
Pronounced By Bishop  
Hendrix As Most Important  
Action Since Battle  
of Saratoga—Seven Bish-  
ops Again Recommended.

(ASSOCIATED PRESS TELEGRAM)

Saratoga Springs, N. Y., May 16.—The unification of the Methodist Episcopal church and the Methodist Episcopal church south, was endorsed almost unanimously by the Methodist general conference today. The conference adopted the report of the committee on unification, which provides for further negotiations with the southern church, paving the way for final action by the general conference of the southern church in 1918 and by the northern church's general conference in 1920.

The report recommends the amalgamation of the branches of American Methodists with the general conference as the supreme governing body of the church and with separate conference and Episcopal supervision for the negro churches.

The report was adopted amid scenes of unbounded enthusiasm. Only one speech was made in favor of the action and none in opposition. Rev. John F. Goucher, president emeritus of Goucher college, Baltimore, Md., in moving the adoption of the report emphasized the fact that the proposed amalgamation would be a federated union that would protect all the varied interests just as the federal government protects the interests of the separate states, but in the case of federated Methodism the world and not the nation would be under ecumenical control. When Dr. Goucher concluded, the enthusiasm in the conference burst its bounds, everyone rose to his feet, the building shook with applause and shouts of "vote."

At the call for affirmative votes, virtually the entire convention rose and when the opposition was called for, only one or two scattered delegates stood up. Renewed cheering and applause greeted the announcement that the report had been adopted, and as Bishop E. R. Hendrix, of the Methodist Episcopal church south, stepped to the speaker's desk and clasped hands with Bishop Cranston, the presiding officer, the convention spontaneously began singing "praise God from whom all blessing flow," and followed with "Blest be the Tie That Binds."

Bishop Cranston was greatly affected by the demonstration.

Bishop Hendrix said: "As senior bishop of American Methodism, I believe that by our action today we have accomplished more for the good of mankind than resulted from the battle of Saratoga."

The committee on Episcopacy to which report was recommended yesterday of seven new bishops, reported today that it was unable to comply with the desire of some of the delegates for a reduction in the number in addition to seven bishops. The committee also suggested the election of a missionary bishop to be located in Singapore, Malaysia.

\$80,000 LOSS IN  
FIRE AT WELLER  
CANNING COMPANY

(ASSOCIATED PRESS TELEGRAM)

Oak Harbor, O., May 16.—The plant of the Weller Canning Company was totally destroyed by fire early this morning. The loss is estimated at \$80,000 on the basis and \$20,000 on stock. A small fire in the loft was extinguished with the damage last evening. Fire again broke out this morning and soon were beyond control.

## CHARLES GOOD'S BODY IS FOUND IN THE RIVER

The bodies of Charles A. Good, a student aviator and Louis Krantz, a mechanic, who went into the Potomac river last Thursday, when the biplane H-7 dropped a distance of 60 feet, were recovered yesterday in the river near Indian Head. Mr. Good's body will be shipped to his home in Ellyria.

Miss Dottie Good, sister of the young aviator, who has been living in Newark for the past several months was in Ellyria with her mother when word that the body had been found, reached Ellyria. Mrs. Good, mother of Charles Good, was a Newark visitor several days last week, stopping off here while enroute to Newport News, Va. She did not continue the trip on account of a message saying it was probable the bodies would never be found. She returned to her home in Ellyria several days ago accompanied by her daughter.

## PLAINTIFF WINS THE DECISION

IN SUIT BROUGHT BY DAVID SWISHER FOR CANCELLATION OF DEEDS.

Divorce Cases Filed in Probate Court. Claim: Husband's Abuse—News of Licking County Courts.

In the case of David Swisher vs. Edward W. Swisher, a suit brought to secure the cancellation of certain deeds for real estate on account of not having been delivered. A decision was rendered by Judge Park B. Blair in favor of the plaintiff, ordering the deeds canceled. Judge J. M. Swartz appeared for the plaintiff and Thomas W. Powell, of Columbus, for defendant.

**Marriage Licenses.** Luke E. Eagen, a clergyman, man, and Miss Lucille Priest, both of Jonestown, O. Rev. Wm. Brien named to officiate. Perry A. Bell, farmer, and Mrs. Hattie May Winice, both of Burlington township, Rev. L. C. Sparks named to officiate.

**Divorce Petitions.** Two petitions were filed in probate court today by wives who charge their husbands with cruelty, gross neglect of duty and failure to provide.

Jennie Lyle states in her petition that she was married to George Lyle Dec. 15, 1884, and that they are the parents of thirteen children, five of whom are of age and eight under twenty-one, the youngest being aged four years. She charges the defendant with being guilty of habitual drunkenness and extreme cruelty, in that the defendant used vile and indecent language toward her in the presence of their children and strangers, that he has assaulted her on numerous occasions striking her with his fist; that he is also guilty of gross neglect and failure to provide and at present is imprisoned in the county jail on a charge of burglary. Mrs. Lyle asks for an absolute divorce, alimony and the custody of the minor children.

Una Bell Coogle asks that she be divorced from Zachariah Coogle. Her petition states that they were married Nov. 17, 1883, and are the parents of six children, one of whom are minors. The defendant is charged with being an habitual drunkard for more than three years past and also with willful absence for more than three years. He is also charged with cruelty and failure to provide, the defendant alleging that the plaintiff beat her at weekly periods for several years.

## Attention, Comrades! Memorial Day!

## THIRTY YEARS AGO FRANK HALL STORE OPENED TO PUBLIC

This week Frank D. Hall will round out thirty years of active service as a Newark druggist. May 31st will be the thirtieth anniversary of the founding of the Hall drug store which for three decades has been located in North Park Place.

After receiving his education at Denison University Mr. Hall studied pharmacy and served his apprenticeship in some of the large drug stores in the East. He was second in a class of over 300 at the Philadelphia College of Pharmacy and received the Operative Pharmacy prize. Shortly after graduating, Mr. Hall purchased the drug store at 10 North Side Square where he has ever since been serving the people with drugs and medicines. This store has always stood for quality and service. Mr. Hall wishing to celebrate this anniversary in some fitting manner has selected the 1c sale which gives such bargains to his customers, announcement of which will be in tomorrow's papers. In all of Mr. Hall's thirty years of business he has been a persistent and consistent user of advertising space. In that whole period he has constantly had an advertising contract with the Advocate and he is still using space in this paper regularly. It is not necessary to add that Mr. Hall believes in advertising. Its value has been demonstrated to him continually during his long period of service.

## TWO WEDNESDAY MORNING SPECIALS

On Sale From 8 a. m. to 11:30 a. m.

Quantities Are Limited So Get Here Early

Tomorrow morning we inaugurate the first of our Wednesday morning sales, featuring Palm Beach Suits and Silk Taffeta Skirts. You will agree with us when we say that nothing more timely could have been selected for this opening sale. Every one will want a Palm Beach Suit for the warm days to come and Taffeta Skirts were never so much in vogue as the present time.

Let us impress upon you that these prices will only be good until 11:30 A. M. If you want either one or both of these specials you must be here before that hour. We also desire to call your attention to the fact that quantities are limited, so it will pay you to get here the first thing in the morning.

## MR. PEARSON IS SPEAKER FOR PATRONS' DAY

This week is being celebrated as Patron's week in the public schools and invitations have been sent to parents, friends and those interested in the schools.

Last year the schools were visited by many parents, and this year a special effort is being made to convey to those outside the schools the work that is being done and what is being accomplished. This afternoon from 1 to 2 o'clock special programs consisting of singing, dancing and a display of the school work were given in the different buildings and the schools were dismissed at 2 o'clock to permit the teachers to attend the address which was given by Mr. Pearson, state superintendent of public instruction, in the High School auditorium.

This evening at 6 o'clock the domestic science class under the direction of Miss Clark, domestic science teacher, will give a dinner in the High school for the members of the Board of Education and a few invited guests.

The parents and friends of the children are invited to visit the schools during any of the school hours, where they will be made welcome. Nearly all the buildings have arranged exhibits of the work, especially that done by the sewing classes, domestic science classes, manual training students, and those studying drawing. The general routine of the school work will also prove interesting to the visitors.

For all lumber call P. Smith Sons' No.

## STATE INSPECTORS SENT.

(Associated Press Telegram.) Columbus, May 16.—An investigation of the collapse of a restaurant building in Akron last night will be investigated by the state. Three investigators for the state department of workshops, factories and public buildings left for Akron this morning to ascertain whether construction of the restaurant building was

faulty or whether the collapse was caused by blasting. The investigators are Alfred Bales, Frank Christian and A. E. Hullis.

## CINCINNATI MAN KILLED.

(Associated Press Telegram.) Cincinnati, May 16.—Charles A. Tompkins, 29 years old, who was killed by the accident at Akron last night was travelling auditor for the Great Atlantic and Pacific Tea company with headquarters in Cincinnati. He was married and had no children. Mrs. Tompkins left for Akron this morning.

## DISTRIBUTE CONSIGNMENT GAME FISH

The state fish car "Ohio" arrived in the city this afternoon at 12:25 o'clock over the B. & O. railway and was met at the depot by a committee of twelve members of the Licking County Fish and Game Protective association to receive a large consignment of game fish for distribution in the streams of Licking county.

The car was in charge of officials from the state fish and game department and they supplied the local committee with large and small mouth bass, rock bass and trout. The bass weighed from a pound to a pound and a half and are said to be the best consignment of fish ever placed in local waters. There were twenty-five cans in all.

Autos were used by the distributing committee in placing the consignment in different streams of the county; those in the party being Cary Bricker, Will C. Kuster, Kirby Dickerson, J. R. Specks, H. H. Shauk, Dr. G. W. Bourne, O. S. Kerr, J. T. Cherry, F. T. Woolard, E. V. Renfrew, C. F. McClelland, J. W. Nethers, Dr. Jacob Rohrer, C. S. McKinney and Leo Davis.

## MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath. When your feet feel like lumps of lead—all tired—just try "Tiz." It's grand—it's glorious! Just your feet will dance with joy; just you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

## DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

## Pills Best For Liver.

Because they contain the best liver medicines, no matter how bitter or nauseating for the sweet sugar coating hides the taste. Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely. No griping, no nausea, aid digestion. Just try a box of Dr. King's New Life Pills and you will know how they feel.

## The Benefits of Co-Operation

If you wanted to invest in a first mortgage on real estate, yourself, it would require a considerable amount of capital at the start. You would run the risk of getting a poor mortgage, for an individual cannot have the facilities for investigating loans that a financial institution has.

If you deposit your money in the Old Home, we will loan it on a first mortgage FOR YOU. You get 4 Per Cent SURE, and no great capital is required to start. You can begin with \$1.00. You cannot lose through a poor mortgage, for our contingent fund of \$150,000 protects you. We offer expert loaning service. Will you let us invest FOR YOU?

## AUTO CLUB TO COMPLETE TOUR PLANS

MEETING WILL BE HELD TO-  
NIGHT TO MAKE FINAL AR-  
RANGEMENTS

Zanesville Is Preparing to Show  
Newark Folk Good Time—Police  
to Assist Getaway.

Final and complete preparations for the Zanesville trip will be made at a meeting of the Newark auto club in the convention room of the courthouse at 7:30 o'clock this evening.

The Chamber of Commerce is taking an active interest in the proposed visit and will assist materially in making it a success. Autoists all over the city are much enthused and it is expected that there will be between 400 and 500 machines in line.

Chief of Police Sheridan with a force of assistants will have charge in getting the tourists away in the proper manner. The committee of arrangements, Messrs. Dr. J. T. Lewis, D. H. Alspach and H. D. Hais, met last evening and formulated a set of rules and regulations which they ask machine drivers to carefully observe in order to make the tour run smoothly and successfully.

The above committee will have charge of the formation of the parade and make all arrangements for the visit. Dr. Lewis will act as tourmaster and if his instructions are carefully followed all accidents will be avoided. Attention is called to the tour rules which appear elsewhere in this issue.

Great interest is being manifested by the good people of Zanesville in the proposed visit and they are going to see to it that the Newarkites are highly entertained while in their city. Chairman Lewis this morning received the following letter from Chairman Brehmer of the entertainment committee of the Zanesville Chamber of Commerce:

The Chamber of Commerce,  
Zanesville, O., May 15.  
Dr. J. T. Lewis, Chairman,  
Dear Sir:

At your meeting Tuesday night and through your newspapers we solicit the mention of the fact that our city officials are giving your proposed visit very careful thought with the idea that you will have a limited time to stay and they want every minute of the time care free to you visitors that you may enjoy your visit to the fullest possible extent.

Advise your good people if you will that our traffic officers and policemen are fully informed as to all details of entertainment.

Parking space for your automobiles will be officially on Fifth street, both north and south. Officers will be there and guard them carefully, so ask your folks to use this location and we are sure they will have no cares as to the safety of their machines.

Our officers wish us to say to you that they are entirely at your service whether it be information, courtesy or protection.

Trusting that you will have a fine day for your trip.

I am, yours very sincerely,  
P. R. Brehmer,  
Chairman Entertainment Com.

### ENTERTAINMENT OF DELEGATION FROM NEWARK PLANNED

Zanesville, May 16.—That automobile visitors from Newark, who will motor here Thursday afternoon, arriving about 3:00 o'clock, as the guests of the local chamber of commerce will be given a hearty welcome upon their arrival in the city, is evidenced by activity shown by the local entertainment committee, which last night announced the preliminary, although not detailed, program of the reception to be accorded the visitors.

The visitors, numbering in all about 1,000, will arrive in the city over the West pike, driving in a body up Main street to Fifth, where they will be met by committees of the local chamber and instructed where to park their cars. The committee has arranged for the exclusive use of North and South Fifth streets for this purpose. Members of the Newark delegation will then be directed to Gold hall, where the general reception will be held. An orchestra has been engaged for the entire afternoon.

During the afternoon there will be seven sight-seeing trips to points of interest about the city and each party will be headed by a guide machine which will carry a caller with a megaphone, who will explain the work of several factories.

Requests have gone out to all local lodges to have their doors wide open on Thursday and it is sure such will be gladly done. This will enable visiting members of the lodges to become acquainted and to bring their friends around. The committee announced that they would not arrange for delegation of local autoists meeting the visitors at the city limits, as this would only detain their progress to the city and it is their intention to have them spend as much of their time as possible in this city. The committee also announced they will provide a light lunch at Gold hall later in the evening. It is expected a delegation of local autoists will accompany the visitors to the city limits on their return trip about 7:00 o'clock, although this has not been definitely arranged as yet.

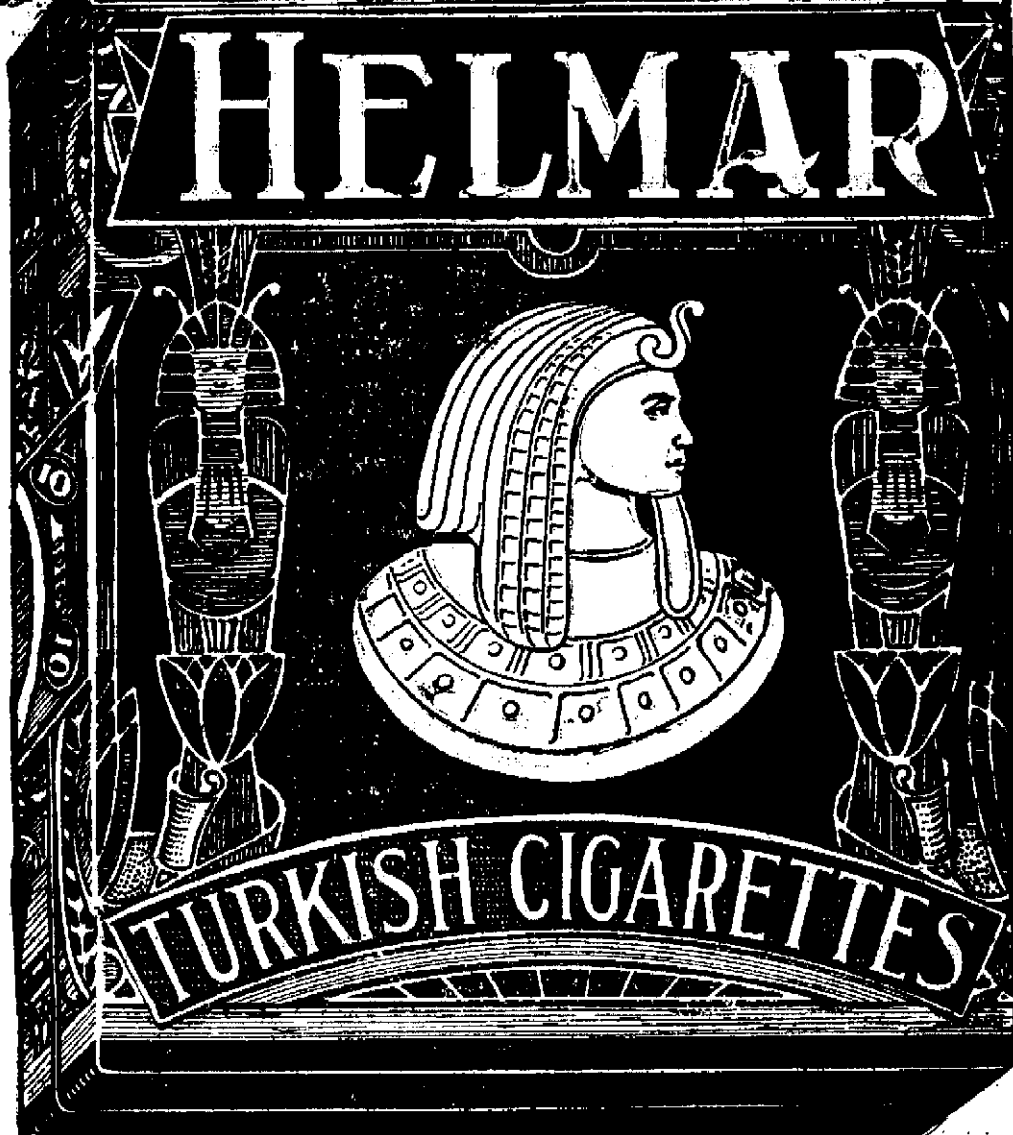

The meeting of the entertainment committee will be held this afternoon when the final plans will be drawn up.

Miners of Cripple Creek, Leadville and other Colorado towns on the Fourth of July and other holidays hold contests in stone drilling. There is great rivalry among the miners to see who can pound a drill through a granite block in the quickest time.

3, 1879.

## The Advance of the Farmer.

As pictured in comic supplements  
the farmer is a frowsy sort of ani-  
mal. His clothes look like a tramp's,  
he is usually minus necktie, and if  
his whiskers grow, they look like  
Carranza's.

The real farmer, as he comes to  
town these fine spring mornings, is  
a different personage. If his errand  
calls for contact with the beasts of  
the field or good red earth, he may  
not look just fit for a dancing party.  
But usually you can't tell him much  
from any other kind of business man.

An Iowa man was remarking the  
other day that in his neighborhood  
the average farm is worth close to  
\$30,000, and is increasing in value  
10 per cent annually. A number of  
other states are just as prosperous as  
Iowa. Our friend remarked how  
many farmers now have houses  
lighted by electricity or gas, furnace  
heat, Brussels carpets, lace curtains,  
pianos, talking machines. They have  
one or two automobiles, take one or  
three daily newspapers, as many  
weeklies, support churches liberally,  
and send their children to college  
and technical school.

Of course in the newer states many  
of the farmers are where the Iowa  
man's father was thirty years ago.  
But they will soon come along. In  
the more unprogressive states of the  
east it is not fully understood as yet  
that the agricultural college knows  
more than your grandfather. But  
this fact is much better realized  
than it was.

What folly, then, for the newspa-  
pers to continue the preposterous  
habit of ridiculing the farmer's al-  
leged rusticity. It could well be  
ignored, did it not lead some silly  
young people to quit the farms for  
the empty allurements of the White  
Way. Also it deters workmen  
from going into the country, and  
makes it harder to get farm help,  
thus raising the cost of living for  
everyone. But the city man who  
pities the country people for their  
primitive condition may have to bor-  
row money of them to help him buy  
the necessities of life.

## The Farmer and Mail Orders

Apparently the great bulk of the  
business of the mail order houses  
comes from the farming communi-  
ties. People who live within ten  
minutes' walk of good retail stores  
do not usually send money away

## Daily History Class—May 16.

1791—Colonel John Buttrick, command-  
er of the Americans at the Con-  
cord fight April 19, 1775, died;  
born 1715.  
1800—The famous Republican conven-  
tion met in Chicago. The aspirants  
were Lincoln, Seward and Chase.  
1862—The United States proclaimed  
that all persons in arms against  
the nation east of Mississippi river  
would be treated as outlaws.  
1870—British forces in northern France  
carried nearly two miles of Ger-  
man trenches northwest of La  
Roche.

## ASTRONOMICAL EVENTS.

Shining stars: Mercury, Mars, Sat-  
urn.  
Morning stars: Jupiter, Venus.  
constellation Virgo, well above  
horizon about 3:30 p. m.

long distances and buy things with-  
out seeing them.

When a family is located some  
miles out from a trading center, the  
fascinations of a catalogue become  
too great. No half tone cut ever  
showed the defects of second grade  
goods. The farmer and his wife  
think they can send their money  
order away for a hundred or a thou-  
sand miles, and no one will ever  
know the difference.

No one does know it but the post-  
master or the expressman. But al-  
though the results are concealed,  
they are none the less real. A stream  
of trade is drawn out of the district  
where it naturally belongs. The net  
result is to help destroy the best  
market for the farmer's goods.

The best prices are obtained for  
farm products when they are sold  
near at hand. The farmer who de-  
pends on selling his grains or his  
fruits to distant jobbers and specu-  
lators has to put up with many dis-  
appointments and a good deal of dis-  
honesty. Low prices are the rule.  
If there is some chance to dispose  
of goods near home, he becomes in-  
dependent of middlemen and jobbers.

For that reason, it is for the in-  
terest of the farmers to see the popu-  
lation centers near their homes  
growing and prospering. If the far-  
mers would all quit sending money  
away to distant states and would  
buy from dealers near home, their  
home neighborhood would see a big  
access of business. It would have  
more stores, more merchants, more  
merchants, more clerks, more people  
to feed. It would buy more farm  
products and pay good prices for  
them. The farmers living in the dis-  
trict surrounding Newark should  
think of these things. Are they  
building up their own markets, or  
are they building up a market for  
the farmers of other states?

## "Now Happily Abandoned."

(New York Herald.)

Having decided not to sever rela-  
tions with Germany, President Wil-  
son has adopted the only other  
course open to him. His brief and  
extremely pointed reply is simply  
tremendous in its dignity. He ignores  
all the swashbuckling insolence of  
the German note; he brushes it  
aside as a gentleman would brush  
aside the blusterings of a drunken  
bully who might outrage his feelings  
but could not insult him. If he had  
not replied silence would have been  
taken by the world as giving possi-  
bly assent to the preposterous pro-  
posal of Germany that the United  
States break the British blockade in  
return for hauling down the pirate  
flag. Not even by a hint, an intima-  
tion or the flickering of an eye-  
brow could the United States enter-  
tain her proposal which Germany  
tied its new orders to submarine  
commanders stand.

The President is perfectly right.  
Germany has told him in so many  
words that it means to abandon its  
illegal submarine warfare. The  
humbly attached to the proposal  
by its mere audacity made the pub-  
lic gasp. Perhaps some of the Ger-  
man herr professors entertain the  
idea that political expediency in this  
country might force the President  
into harassing Great Britain and its  
allies over the question of the block-  
ade. But it was humbug, and the  
Kaiser knows it was humbug.

The President tells Germany  
plainly that it is none of its busi-  
ness what we may do or say to any  
other belligerent. But he says it  
like a gentleman. "Responsibility in  
such matters is single, not joint;  
absolute, not relative." It is a  
phrase that will ring together with  
the phrase, "Now happily abandon-  
ed," and that biting sentence,

"The Government of the United  
States will rely upon a scrupulous ex-  
ecution henceforth of the new al-  
tered policy of the Imperial Govern-  
ment such as will remove the danger  
of an interruption of the good rela-  
tions existing between the United  
States and Germany."

The President is wise in making a  
reply which is courteous. No Ameri-  
can President or Secretary of State  
can resort to the practice of a card  
sharp or the language of a black-  
guard. The reply is plain and point-  
ed. The meaning is clear and un-  
clouded.

## Pressing Great Britain.

(New York Globe.)

An unnamed officer of the State  
Department is quoted this morning.  
He is reported as saying that the  
threat of Germany to begin again  
the killing of non-combatants on the  
high seas if the United States does  
not compel the modification of the  
British blockade of Germany has  
made it difficult to proceed at the  
present time against Great Britain.  
Should this country press Great Brit-  
ain for a relaxation of her blockade  
it would be said that we were ac-  
ting not on our own motion but as  
agents of Germany, coerced by her  
threat. Seldom in diplomatic ex-  
changes has there been anything less  
adroit than the demand that we  
should act in foreign relations ac-  
cording to Germany's dictation.

But in time, doubtless, the influ-  
ence of this deterrent to present ac-  
tion will wear off. Our State De-  
partment will ultimately be called  
on to face the main question—  
namely, whether or not it has a just  
grievance against Great Britain. The  
State Department notes of Dec. 28,  
1914, and Nov. 5, 1915, assumed  
that such grievance existed. But the  
charges were general and so far  
have not been adequately supported.  
It is necessary for the State Depart-  
ment to develop, even as it did in  
the controversy with Germany  
wherein the British practices are  
gravely violative of international  
law. This has not been done. The  
British Foreign Office seems to have  
been able to show that the acts com-  
plained of are supported by Ameri-  
can precedents.

So far as the alleged irregularity  
of the blockade of Germany is con-  
cerned it is obvious that we are tol-  
erating without protest a more ir-  
regular blockade of Great Britain by  
Germany. If Great Britain is at-  
tempting to starve Germany, Ger-  
many is attempting to starve Great  
Britain. \* \* \* All that we have  
demanded is that she give the non-  
combatants on the ships a chance to  
escape. No one has yet pointed out  
how this country can ask of one  
country more than it does of another.

These difficult questions which  
strike at the heart of the controversy  
with Great Britain are not easy of  
answer. The State Department is  
fully conscious of their difficulty  
and doubtless is pleased to find rea-  
sons to set time to develop a case  
which shall be more sustainable.

## Silver.

(New York World.)

One of the swift changes of the  
war has been his rehabilitation of  
silver. Yesterday the white metal  
sold at 75.12 cents an ounce the  
highest price in more than twenty  
years. The lowest price, less than  
48 cents was quoted a year after  
the great contest began.

The ratio in value of silver or  
gold, which for many years did not  
vary widely from 15 or 16 to 1, was  
badly upset by increased production  
of both metals, but especially silver,  
in the last century. Between 1893  
and the opening of the war it fluctu-  
ated between 30 and 40 to 1. Last  
August it was more than 40 to 1. It  
is now 26 to 1 and highly specula-  
tive.

Both silver and gold are commodi-  
ties as well as moneys, but in far  
different proportions. The world's  
coinage, speeded up for the war, is  
mounting toward \$5,000,000,000. Its  
silver coinage is above \$3,000,000-  
000.

In 1912, by Treasury figures, 70  
per cent of the world's current sil-  
ver production was going into indus-  
trial and art uses, and only 37 per  
cent of its gold. A sharp increase in  
the coinage use of silver accompan-  
ies the war, as gold is withdrawn  
into the great national banks or  
hoarded, and as silver is placed in  
circulation and is hoarded in  
turn. In this a considerable part  
of Europe is following India's age-  
old example.

It Stirred His Bile, Though.  
"I've just left Walker. He's laid  
up in bed."  
"Bilious attack?"  
"Automobilious. He was knocked  
down and very badly bruised."  
—Boston Transcript.

And Loud.  
"Money talks."  
"Yes. In the opera box."  
—Browning's Magazine.

The United States produces two-  
thirds of the world's supply of corn.

## BANISH SCROFULA

Hood's Sarsaparilla Cleanses the  
Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and  
body are both annoying and dis-  
figuring. Many a complexion would  
be perfect if they were not present.  
This disease shows itself in other  
ways, as hunches in the neck, in-  
flamed eyelids, sore ears, wasting of  
the muscles, a form of dyspepsia,  
and general debility.

Ask your druggist for Hood's Sar-  
saparilla. This great medicine com-  
pletely eradicates scrofula. It puri-  
fies and enriches the blood, removes  
humors, and builds up the whole  
system. It embodies the careful  
training, experience, and skill of  
Mr. Hood, a pharmacist for fifty  
years, in its quality and power to  
cure.

Scrofula is either inherited or ac-  
quired. Better be sure you are quite  
free from it. Get Hood's Sarsaparilla  
and begin taking it today.

## Spirit of the Press

Don't.  
High up on our list of "Don't's" we  
should put: "Don't get out an  
encyclopedia a few months before  
a world war breaks loose." Wait  
until it is all over. Then you won't  
have to look back upon anything like  
this, in the latest edition of the  
Encyclopaedia Britannica.  
"The Belgian officer is technically  
as well trained and educated as any  
in Europe, but he lacks practical ex-  
perience in military service."—Life.

Military Training  
In Switzerland one out of every 15  
of the population is under arms, and  
every man in the country who is not  
physically disabled has undergone  
military training sufficient to equip  
him for the duty of a soldier. One  
out of every 50 of the inhabitants  
of the Netherlands is under arms  
now, fully trained and equipped for  
any defensive war in which his coun-  
try may be forced. Yet the proposal  
to enroll one of every 100 of the in-  
habitants of the United States as a  
national police force is looked upon  
with pretended alarm.—Seattle Post  
Intelligencer.

Preparedness of Right Sort  
Viewed in whatever light, the ac-  
tion of the Canadian Pacific railway in  
putting 1000 farms into readiness for  
the reception of 1000 returned  
Canadian soldiers and their families,  
is to be commended. The laying  
out of these farms, the building of  
houses and barns upon them, the  
sinking of wells in them and the  
fencing of them, so that the veter-  
ans upon returning may go right to  
work for themselves and for the Do-  
minion—and, incidentally, for the  
shareholders of the railroad—is a  
phase of preparedness that is states-  
manlike and businesslike as well as  
patriotic and philanthropic.—Chris-  
tian Science Monitor.

Recruiting An Army  
Universal military service and  
democracy have generally gone hand  
in hand. The ancient republics,  
while democracy, took it for granted  
that every man should bear his part  
in the common military labor. When  
they made soldiering profession their  
institutions began to decline. One  
of the first acts of the first French  
republic was to decree conscription.  
It is the only democratic way of re-  
cruiting an army. Mercenary forces  
have been the props of tyranny.—  
New York Globe.

Raid On Border  
There is reason to believe that the  
raid was participated in by Carranza  
soldiers. At the very moment they  
were firing upon Americans and loot-  
ing American property, General Scott  
the chief of the American armies,  
was in friendly conference with Gen-  
eral Obregon, the head of the Car-  
ranza forces in Mexico. The two  
were arbitrating a secret agreement  
of some kind which is supposed to  
contain a prevention of the Columbus  
and the Glenn Springs incident.  
This same brand of tolerance toward  
an irresponsible leader with a make-  
shift government has been used for  
months. The only thing it has ac-  
complished has been to place an  
American army in jeopardy in Mexico  
and to leave our border states at the  
mercy of roving bands.—Des Moines  
Capital.

## Pointed Paragraphs

When will the safety-first move-  
ment hit the speedways?—Pitts-  
burg Dispatch.

Anyhow the citizens of Michigan  
gave a patriotic demonstration, of  
not going to the polls.—Detroit Free  
Press.

One objection to these vacant lot  
gardens is that you can't raise Hans  
Wagners and Ty Cobbs in them.—  
Pittsburg Gazette Times.

Now that Carranza has "firmly"  
insisted that American troops be with-  
drawn from Mexico, it is sincerely  
hoped that President Wilson will  
show sufficient command of the gift-  
ed language of profanity to tell him  
exactly where he may go.—Lexing-  
ton Herald.

Home from Chicago, Job E.  
Hedges reports much enthusiasm  
for Root in the Middle West. Mr.  
Hedges secured his information at  
the Root headquarters in Chicago.—  
Buffalo Enquirer.

The proposition to love our fellow-  
man is an excellent one, and we shall  
devote serious attention to it if we  
ever have any spare time left over  
from loving our fellow woman.—Colu-  
mbia State.

In our immediate neighborhood the  
phenomenal start of the tomato  
plants seems to be the paramount is-  
sue and apparently it can be lied  
about just as satisfactorily as the  
tariff itself.—Ohio State Journal.

Representative Hay seems to be  
stuffed with it.—Chicago News.

That wag Carranza has sent a  
Minister to Berlin, commissioned to  
raise a loan in Germany.—Wall  
Street Journal.

It seems to be pretty nearly as  
hard to reach an agreement with the  
Mexicans as it is for the Mexicans  
to reach an agreement with them-  
selves.—Indianapolis News.

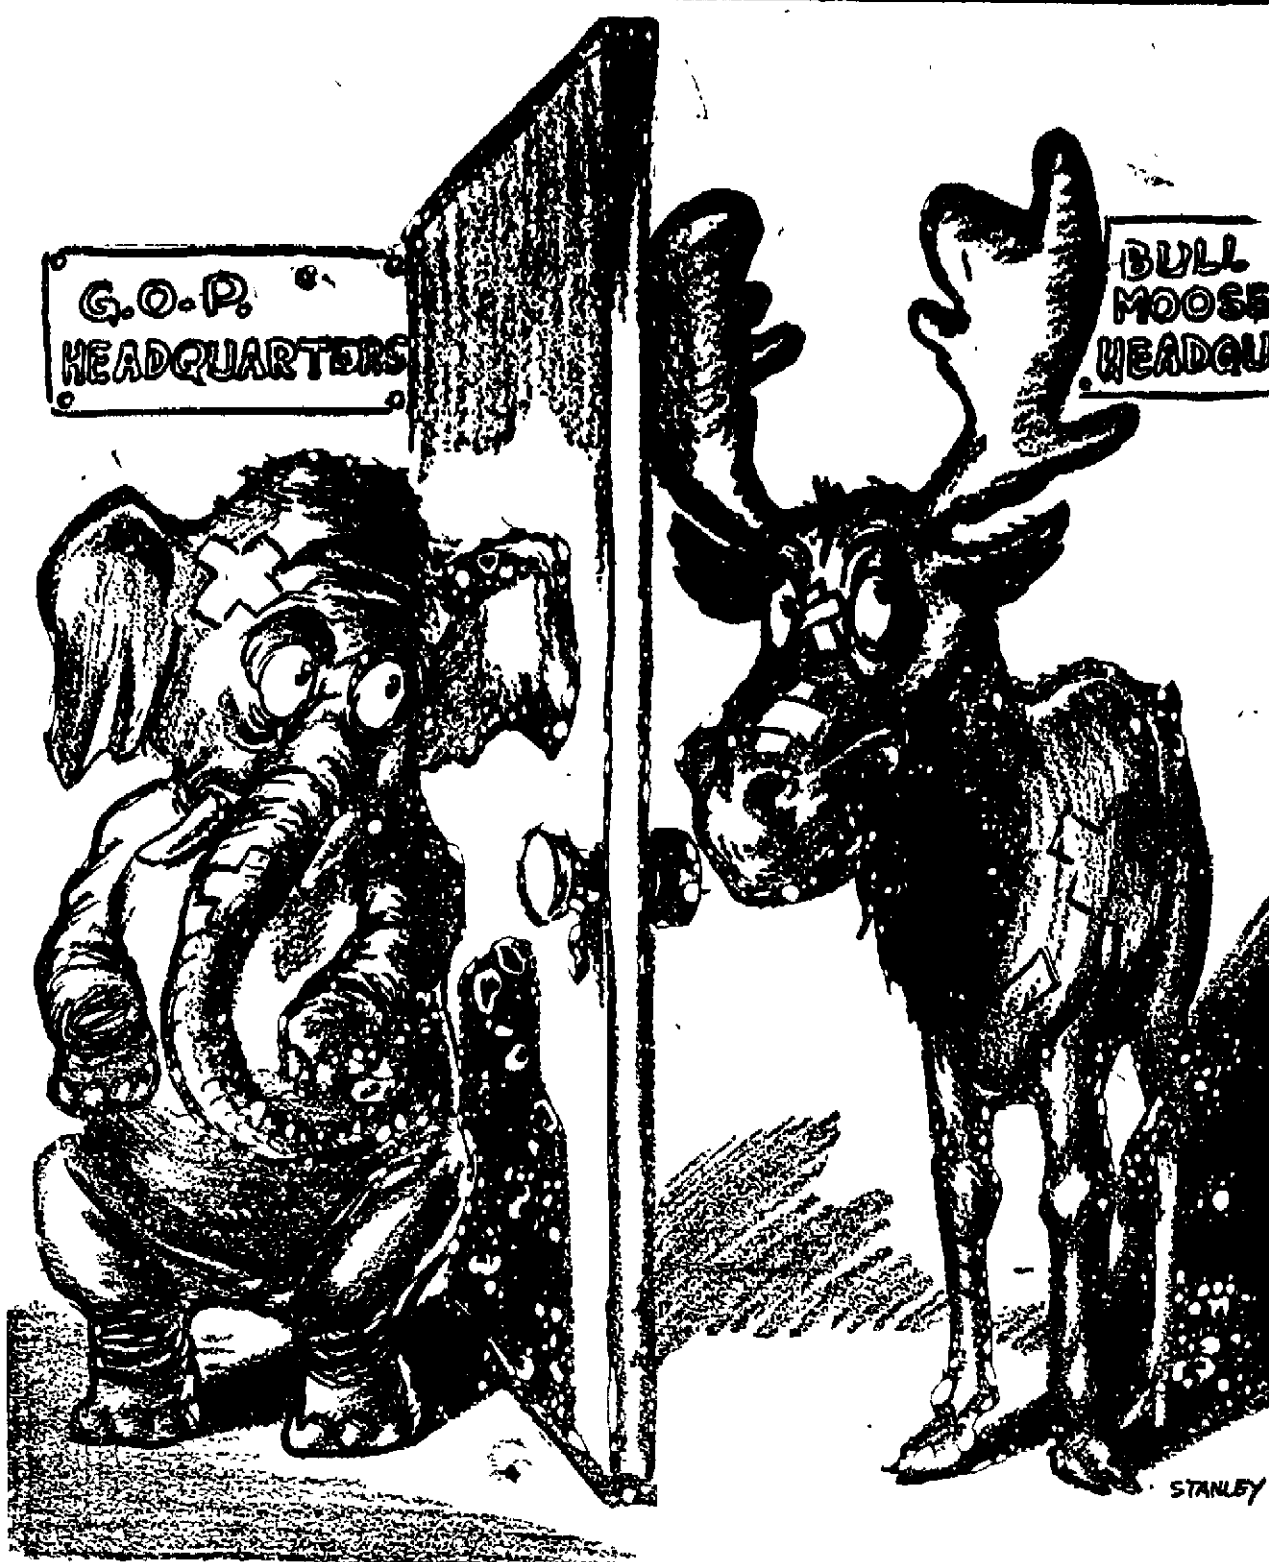

Bryan says he was defeated in  
Nebraska by the saloons, and yet  
some people claim that the saloons  
serve no useful purpose in society.  
—Boston Transcript.

The exhibition given by Carranza  
in pursuit of Villa is one of the  
most impressive things in modern  
military annals.—Detroit Journal.

Judging from the reported in-  
crease in Mr. Taft's weight, we in-  
fer that he is not running much,  
these days.—Boston Advertiser.

As soon as the war is over Ameri-  
can tourists will buy enough war  
souvenirs to pay for the cost of the  
whole thing.—Cleveland Plain  
Dealer.

## BOTH—"I THOUGHT I HEARD HIM KNOCKING!"

## The Advocate's Melting Pot

Few persons have sufficient wis-  
dom to prefer censure which is use-  
ful to them, to praise which deceives  
them.—La Rochefoucauld.

Good!  
A prohibitionist I know.  
His name is Thomas Trotter;  
And he loves prohibition so.  
That he won't drink hard water.  
—Luke McLuke.

I know a Prohibitionist.  
Who's more intrepid still:  
He says, "I will not, I insist,  
E'er go to Champaign, Ill."

Aunt Caline Says:  
They've got a  
pair o' twins  
down to Ab-  
Dic-  
e's. I hadn't  
saw them so I  
run down a mi-  
nute las' night.  
Ab come to the  
door an' I says,  
"I understand  
the stork has left  
you a present or two."  
"Stork be hang-  
ed!" says Ab, "I  
hain't done noth-  
ing to the stork,  
hecy I? What's  
he got it in fer me fer?"

Prize Limerick.  
An old man of Kalamazoo  
Had for years lived on celery stew;  
When he was asked why  
He made this reply:

Finish the limerick and send your  
lines to the Melting Pot not later  
than next Friday evening. A dollar  
for the best line, the editor to be the  
judge.

Far Be It From Us.  
We didn't say a word when the  
pirate two trenches west took a fling  
at our high and shining forehead the  
other day, but now he has gone and

taken the peachy stenog apart and  
told her that he can write better  
poetry than we can. We never told  
anybody that he can write better  
paragraphs than he can. We don't  
tell all we know.—Judd Lewis in  
Houston Post.

So Kind of Mrs. Murphy.  
"Oh, doctor," said Mrs. Murphy,  
"Pat's back is that bad it nearly kills  
him to turn over. Turn over wance  
Pat an' let the doctor see how it  
hurts ye."

Them Dissipated Lammers.  
Steen Sarah said, "I'll have to sell  
my little lamp, you know,  
because, though I am shocked to tell  
this fact, they gambol so!"

Did You Know  
That the term "Spanish Main" was  
not used to indicate territory in  
Spain? Among English voyagers  
and colonists of two or three cen-  
turies ago this name indicated the  
northeast coast of South America,  
from the Mosquito coast to the Lee-  
ward Islands. The term has refer-  
ence to the mainland or continent.

Where Noah Slipped Up.  
Had old Noah in foresight  
Been up to the mark,  
I'd have killed those two flies  
As they entered the ark.  
—Boston Transcript.

'Twas Noah's greater oversight,  
(Here we must change the meter)  
That on the ark he let alight  
Even one sol-darned musketeer.  
—Virginia Pilot.

Here's a matter upon which  
The small boy often "fingers"—  
Why didn't him and them  
Kill off both the chiggers.  
—Memphis Commercial Appeal.

Old Noah would have won our thanks  
By thwarting the advance  
Into the shelter of the ark  
Of that pair of red ants.

HOW TO REDUCE  
YOUR WEIGHT

A Simple, Safe, Reliable Way.

People who are over-burdened  
with superfluous fat, know only too  
well the discomfort and ridicule that  
overstout people have to bear.

If you are carrying around five  
or ten pounds of unhealthy fat you  
are unnecessarily weakening your  
vital organs and are carrying a bur-  
den which destroys the beauty of  
your figure.

There is no need of anyone suf-  
fering from superfluous fat. If  
you want to reduce your weight in a  
simple, safe and reliable way, with-  
out starvation diet or tiresome exer-  
cise, here is a test worth trying.  
Spend as much time as you can in  
the open air, breathe deeply and get  
from any good druggist a box of all  
of korein capsules; take one after  
each meal and one before retiring at  
night.

Weigh yourself once a week so as  
to know just how fast you are losing  
weight and don't leave off the treat-  
ment or even skip a single dose un-  
til you are down to normal.

Oil of korein is absolutely harm-  
less, is pleasant to take, and helps  
digestion. Even a few days treat-  
ment has been reported to show a  
noticeable reduction in weight, foot-  
steps become lighter, your work  
seems easier and a lighter and more  
buoyant feeling takes possession of  
your whole being.

Every person who suffers from  
superfluous fat should give this  
treatment a trial.

## THE TOWN SLOUCH

By ELLIS M. CLARKE.

Cy Cawkins Had Rather Go Home In  
th' Rain Than Carry an Umbrella.

He may look wise to all intents—  
No one may contravene—  
But he surely shows a want of cents  
When he runs a slot machine.

Sometimes it is th' frown at home  
that is responsible for th' "smile" at  
th' saloon.

The largest single dock enclosed  
by artificial walls in Great Britain  
is at Newport, Monmouthshire. Its  
total water area is 110 acres and  
its dimensions 4,000 feet long by  
about 1,000 feet wide.

## It's Most Important

Flush Your System Before  
Breakfast. Feel Better  
Right Away

You should understand the im-  
portance of keeping the system  
clean. Dirt on the skin is not ab-  
sorbed into the blood but the sour  
waste in the bowels is taken up by  
the blood and is the cause of most  
of your ailments.

When you are constipated the  
waste from your food lies in your  
bowels and sours, giving off gas and  
poison which causes your headaches;  
bloated, pimply skin; foul breath  
and coated tongue.

Keep your system clean with Tollo  
Water, then your food will go into  
a fresh, clean stomach and be di-  
gested without distress. The nour-  
ishment will be extracted and sent  
clean and fresh to every nerve and  
muscle.

Modern physicians prescribe Tollo  
Water instead of drugs because it  
acts in Nature's way. Every year  
they send thousands of sufferers from  
Constipation, Stomach and  
Liver troubles to Dawson Springs,  
Kentucky, to drink it just as it comes  
from the ground. It cleans and re-  
freshes the system without irrita-  
tion.

For a few cents your druggist will  
sell you a large bottle. You should  
start tomorrow morning by pouring  
out about a third of a tumbler of  
Tollo Water and filling the glass  
with plain water, and drink it before  
breakfast. After the first glass you  
will experience that clean, refreshed  
feeling inside, and by keeping it up  
you can banish constipation and  
stomach trouble clean out of your  
life.

There is more Catarrh in this section  
of the country than all other diseases  
put together, and for years it was  
supposed to be incurable. Doctors pre-  
scribed local remedies, and by con-  
stantly failing to cure with local treat-  
ment, pronounced it incurable. Cat-  
arrh is a local disease, greatly in-  
fluenced by constitutional conditions  
and therefore requires constitutional  
treatment. Hall's Catarrh Cure, man-  
ufactured by F. J. Cheney & Co., Toledo,  
Ohio, is a constitutional remedy. It  
taken internally and acts through the  
Blood on the Mucous Surfaces of the  
System. One Hundred Dollars reward  
is offered for any case that Hall's  
Catarrh Cure fails to cure. Send for  
circulars and testimonials.

F. J. CHENEY & CO.,  
Toledo, O.

Sold by Druggists 75c.  
Hall's Family Pills for constipation.

## Watch Child's Cough.

Colds, running of nose, continued  
irritation of the mucous membrane  
if neglected may mean Catarrh  
later. Don't take the chances—do  
something for your child! Children  
will not take every medicine, but  
they will take Dr. King's New Dis-  
covery and without bribing or teas-  
ing. It's a sweet pleasant Tar Syrup  
and so effective. Just laxative  
enough to eliminate the waste poi-  
sons. Almost the first dose helps.  
Always prepared, no mixing or fuss-  
ing. Just ask your druggist for Dr.  
King's New Discovery. It will safe-  
guard your child against serious  
ailments resulting from colds.

The city of Roanoke is scarcely  
more than 25 years old, but now it  
has a population of about 30,000  
and is sometimes called the Chicago  
of Virginia. It was produced by the  
location of the Norfolk and Western  
shops. Men who were failures else-  
where have made their fortunes in  
Roanoke.

YOUR OWN DRUGGIST WILL TELL YOU  
Why Roanoke Is Famous for Hot Water, Why  
It Is Called the Chicago of Virginia, and  
Why It Is So Prosperous. Write for a  
Circular. Send to: Roanoke, Va.

## Let Us Show You Proof on the RICE & HUTCHINS EDUCATOR SHOE

Reg. U. S. Pat. Off.

**GET a pair today.**  
Feel your tired, bent bones relax. Note how Nature relieves you of corns, bunions, ingrowing nails, flat-foot, etc.

Then you're done forever with the narrow, bone-bending shoes that caused these ills. Educators on your children will guard them from all foot ills for life. Made for men, women and children. Look for the marked EDUCATOR on the sole. It is your guarantee of the good-looking, correctly orthopaedic Educator shape that "lets the feet grow as they should." Made only by

Rice & Hutchins, Inc.,  
15 High St. Boston, Mass.

SOLD BY  
**P. McDONNELL & SON**  
NEWARK, OHIO

## WHY DANDRUFF CAUSES BALDNESS

Some Facts That All Men and Women Should Learn Before It Is Too Late.

Get rid of dandruff if you have it and the sooner the better. Dandruff causes baldness by choking the pores of the scalp so that the hair roots do not obtain proper nourishment. There is one delightful hair tonic so compounded that besides immediately ending itching scalp and quickly stopping hair from falling, will remove every particle of dandruff after just a few applications.

Ask your druggist for a bottle of Parisian Sage, a hair beautifier, tonic and scalp invigorator that as every druggist knows always cures dandruff. Thousands of women use it because nothing else makes the hair so soft, abundant, radiantly beautiful and fascinating. W. A. Erman always guarantees Parisian Sage.

## Society

The members of the Jolly Stitches club were delightfully entertained at the home of Mrs. Hayes in North Williams street on Thursday afternoon. The hours were spent in crocheting. The club will meet at a later date, to elect new officers for next year. Those present at this meeting were: Mrs. Howard Jones, Mrs. Joe Allison, Mrs. John Uffner, Mrs. Edgar Swern, Mrs. Earl Swern, Mrs. Harry Incho, Miss Frances Swern, Miss Louise Linga-felter and one guest Miss Grace Jones of Ulica, Ohio.

**A FEARLESS PHYSICIAN.**  
Such a physician recently remarked: "The wonderful power of Lydia E. Pinkham's vegetable Compound over diseases of women is not because it is a stimulant, but because it is a palliative, but simply because it contains the very elements needed to tone up the female system and strengthen the depleted organism." Of course that is so, otherwise it could not succeed as it has.

## Obituary

**Mrs. Essie Snyder.**  
Mrs. Essie Snyder, 30, wife of Raymond Snyder, living north of the city, died early last evening at the City Hospital, following an operation. The body was taken to the home of her mother Mrs. Mary Lindemood, 218 North Cedar street. Funeral services will be held Thursday morning at 10 o'clock from the Central Church of Christ, Rev. W. D. Ward officiating. Interment at Cedar Hill cemetery.

Mrs. Snyder was taken to the City Hospital last week and underwent an operation Thursday. She leaves to mourn her death, her husband, a mother, two sisters, Mrs. Samuel R. Allen, Mrs. Bessie Baughman, and two brothers, Bert Lindemood, of Ulica and Ernest Lindemood, at home.

**Card of Thanks.**  
We wish to thank all our many friends and neighbors one and all during the illness and death of our beloved wife and mother, Mrs. William Rees, also for all of the beautiful floral offerings and also wish to thank the Rev. W. D. Ward for his services rendered. Also to Mr. Lester Bradley for his kindness and services. The family. 16-1t\*

**Origin of the Name Siberia.**  
In 1582 Yermak, a Cossack chieftain, with a band of warriors "chosen for their bravery rather than for their morality," set out to chastise and subdue a powerful Tartar tribe east of the Ural mountains. When Czar Ivan IV heard of it he was badly frightened, for he feared to stir up the fierce Tartars. He frantically sent orders for the expedition to return. But it was too late. Yermak and his men had already crossed the mountains. When they approached the city of Sibir, the stronghold of the Tartar chief, they found an army thirty times as large as their own awaiting them. But they were far better equipped with arms and ammunition than were the Tartars and administered to them a crushing defeat. Sibir was captured and became the nucleus of the expansion of the Russian empire in Asia, giving its name to the new country—Siberia.

**Fragments of Guinea.**  
Few geographical names have in turn swollen and shrunk in importance as "Guinea" has. Originally this or something like this appears to have been the name of a forgotten little town and "kingdom" in the Niger region. Then the name expanded in European use to signify everything from the coast opposite the Canaries to the boundary of Southwest Africa and gave us not only the coin called after its gold and the guinea fowl, but also, by a natural error, the "guinea pig"—really the Guinea pig from South America. Now those tiny fragments, the Spanish, Portuguese and French Guinea, alone preserve the name on the map, together with the Gulf—London Chronicle.

**The Boy of It.**  
A boy wanted a dog, and the rich uncle said:  
"Well, Eddie, suppose I give you \$200 for a dog. Would you spend that whole sum in one dog, or would you buy a pretty good dog and put the rest of the money in the savings bank?"  
"Well, uncle," replied Eddie, "if you leave it to me I would buy 200 one dollar dogs."—Ladies' Home Journal.

Tommy—"Pop, what do we mean by auto-intoxication?" Tommy's Pop—"Joy riding, my son."

**Thrifty Actors.**  
The economy of a stock company of famed interesting instances here at the old Boston museum. Some of the actors had no intention of letting grass grow under their feet. One player was a barber by day; another, the beloved "Smithy," was a tailor—very properly, the tailor played fops. I had a particular friend who was a cab driver. Who shall point the finger of scorn that these had two strings to their bow? Their example might be well followed. An honest barber or, for that matter, an honest cab driver may be the noblest work of God. And well may the actor's study of mankind be multiplied a thousandfold by the scrapping of innumerable chins or the driving of the accidental wayfarer from the cradle to the grave. Who could better take man's measure than the tailor, dissect him to a hair than the barber or consider his final destination than the cab driver?—"My Remembrances," by E. A. Sothern in Scribner's Magazine.

**Bettering the World.**  
If the world we live in is unsatisfactory you may say it is the will of God that it should be so. That gets you nowhere. You may say it is the law of nature it should be so. That gets you nowhere, either. But when by accurate measurement of lengths and weights and temperatures and modes of motion you understand that everything is what it is because of process then it comes to you that what process has made process can make over. Then if you like not the fashion of this world you can alter it. It may well be that the possession of a small, round grain of faith enables one to say unto this mountain, "Be thou removed and be thou cast into the sea," but if you want it done you lay down tracks, put locomotives and gondola cars on them, install steam diggers at one end and barges at the other and make Goethals superintendent of the job.—Eugene Wood in Century.

**Rings on Oyster Shells.**  
A popular theory about rings on an oyster shell being an indication of its age is not supported by the careful investigation of Miss Ann L. Massy, who tested specimens from the oyster station at Arliff, at the head of Galway bay. It has been supposed by many that each ring, or group, on the oyster's deep valve stood for a year's growth. But Miss Massy says that this deduction is not reliable. After a patient scrutiny of over 600 samples of various ages, from eighteen months to six years, she says: "An oyster of eighteen months or two summers appears to possess at least two rings, but may have as many as five. One of three summers has at least two rings and may have six. A four-year-old oyster may have only three rings or may possess seven or eight."—London Mail.

**Life of an Arctic Sealer.**  
The arctic sealer has a very hard life. Sealing does not consist only of scrambling over ice fields in search of prey and battling breathlessly and fiercely when it is found. There are many incidental hardships to endure. The usual type of arctic weather is a dense, lung clogging fog, with cold that is enough to freeze a glowing furnace. This fog, strange as it may seem, is oftentimes mixed with cruel blizzards of heavy snow, made more terrible by high and constant gales. The passing of the snow is usually accompanied by sleet and rain that are more penetrating than snow. Misery, therefore, is not an unfamiliar visitor to the crews of arctic sealers.—Detroit Free Press.

**Known by Their Walk.**  
A man's walk is as peculiar to himself as his personal appearance is. So much a part of himself is a man's way of walking, indeed, that it is most difficult to disguise. Many a fugitive from justice who has completely altered his ordinary appearance has been betrayed by his walk. The peculiar gait of many people often indicates their occupation. The policeman, the soldier and the sailor each has his peculiar walk which betrays him.—Pearson's.

**Just Suppose.**  
You better stop 'ya' growlin' 'w'en you ain't got nuttin' 'tall ter growl 'bout. Des s'pose dat you wuz rich an' had ter pay de income tax or dat you couldn't sleep 'w'en night come fer thinkin' dat a yethquake mought swallow de bank, wid all yo' money in it!—Brer Williams in Atlanta Constitution.

**Poured It Out.**  
"My wife said she did not mind my having a bottle of whisky on the side-board if I would permit her to pour it out."  
"Of course you consented to that?"  
"Yes, and she poured it out of the window."

**Mixed In Her Mythology.**  
Mrs. Klawer—Do you consider Alice very good looking? Mrs. Blunderby—Oh, Alice is pretty enough, but I wouldn't call her an Adonis!—Boston Transcript.

**Matchless.**  
Dick—Grace is certainly one matchless girl. Harry—Well, the absence of suitors long ago convinced her father of the same thing.—Brooklyn Eagle.

**Tightwad.**  
"X is an unknown quantity, isn't it, mamma?"  
"It is to your father when I ask him to give me one."—Baltimore American.

The art of being happy is the art of discovering the depths that lie in the common daily things.—Brierley.

Parasites are waxes under water.

## Everyday Etiquette

"I met Alfred Brown and he insisted upon paying my carfare," remarked Maude to her mother. "That was very rude," replied her mother. "If a man meets a woman accidentally she should pay her own fare, but if going to some function together, of course he should pay it."

## The Sick.

Mrs. John Burrell who has been ill at her home in North Tenth street is reported as improving today.

The condition of Willis Cooper, who is ill with fever at the Newark Sanitarium remains about the same.

Electric smelting and refining are said to produce a steel more homogeneous than open hearth steel of the same general composition.

## Our Boys and Girls

The first band to be put on the baby in the summer should contain some wool and the shirt should certainly be of a medium weight. The child should be kept as cool as possible, although you should keep the band containing some wool over the abdomen during even the extreme weather. It is wise to sponge the entire surface of the body several times a day during the extreme weather.

Nowadays the fond mother begins from almost the day of her baby's birth to keep a card book for its future inspection. This needs must be a large volume, for into it go all of the correspondence cards, of congratulatory to the parents, the birth announcements of contemporary infants, the visiting cards attached to flowers and gifts and all holiday picture cards.

In this country from 30 to 40 per cent of the cases requiring charitable relief are due to sickness.

## How To Eradicate All Superfluous Hair

Advice By A Skin Specialist

The best means I have ever known for removing all signs of disfiguring growths of hair on the face, arms, or hands is a new preparation called Mrs. Osgood's Wonder. I recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It not only injures the skin or complexion, is quite inexpensive.

You can get Mrs. Osgood's Wonder from T. J. Evans or any up-to-date druggist. Signed Money-Back guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

## Milady's Boudoir

**When Hands are Neglected.**  
When you have arrived back town after your vacation, and that your hands are burned brown looking after the rough tennis playing in the sun, you probably have more time to fit the skin, for the winter to come. No brown, rough hands look in a ball room in the winter, will be well for little Miss Van to work assiduously on her complexion and hands before the first invitation to the tango party arrives.

Lemon juice or diluted peroxide are very good remedies to be applied at night. If this is too strong, should be mixed with a little erine.

Nails can be kept pink and free from white spots by growing out with cold cream. When the hands are washed morning the flesh should be rubbed with the towel before the wood stick to loosen the cuticle. No other manicuring implements required except a pair of such as surgeons use for operations and a thin file.

Girls who keep their hands sharp employ only the wisest of the snippers in cutting the points must not be anything but the cuticle. Gloves can be worn as quick relief to sunburned hands best gloves to use are made of cotton and can be easily washed should be washed every two days, if they are used erine.

**Economic Cured or Money Back.**  
This guarantee goes with the box of Dr. Hobson's Ointment. Makes no difference if it's a baby, child or man, matter how long standing, the guarantee holds good. This strip, go to your druggist, use it as directed, or not fully satisfied, or maker will refund. Try it just once, you will be surprised.

The average American weighs 145 pounds of beef, 1-3 pounds of pork and 1-3 pounds of mutton every year.

## Keen Minds and Ready Muscles

come naturally when brain and body are properly nourished. This calls for a diet which includes the all-important mineral elements, best derived from field grains, but lacking in many foods.

The famous pure food—

## Grape-Nuts

is made of whole wheat and malted barley and richly supplies all the nutriment of the grains, including their precious mineral salts, required by the system for daily rebuilding.

Grape-Nuts has appetizing flavor, is easily digested, comes ready to serve, and with cream or good milk, is a splendidly balanced food that makes for mental and physical efficiency.

"There's a Reason"

## certainly does heal eczema

In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. The first use of Resinol Ointment and Resinol Soap usually stops the itching and burning, and they soon clear away all trace of the eruption. No other treatment for the skin now before the public can show such a record of professional approval.

Sold by all druggists.

## GEN. SPEAKS

RECOMMENDS DAM IN NORTH FORK TO MAKE FISHING GROUND.

Inspects New Fish Car Being Built at Jewett Plant—Visits Licking County Trout Streams.

Gen. John G. Speaks, chief state game warden was a visitor in the city yesterday afternoon and accompanied by Cary Bricker, W. C. Kuster, F. S. Neighbor, E. N. Vanatta and H. D. Hale, together with several officials of the state game department at Columbus paid a visit to the Jewett Car Works where a fish car is being built for the state.

The car is made entirely of steel, is 72 feet in length and has a capacity of 1,000 tons. It will cost in the neighborhood of \$18,000 when finished and equipped and will be used by the state fish and game commission in the distribution of fish and game.

The party was also shown over the Jewett plant by Wm. S. Wright, president and general manager of the Jewett Car Company and Edwin Bosuden, sales manager of the company. A number of all steel interurban cars are being built for one of the lines between Akron and Cleveland and only a few days ago a number of completed interurban cars left the Jewett plant on their own wheels for Ogden, Utah.

The company is also building one-ton motor trucks and the plant is a veritable hive of industry.

The party also visited the pheasant pens of Frank Woodard in Indiana street and found a number of different species of that bird. Mr. Woodard has been very successful in raising ring-neck pheasants and has also found it very profitable. He has a dozen or more nests that will soon be ready for hatching.

The trout stream northeast of the city was also paid a visit and General Speaks thought it an ideal place for stocking trout. If certain concessions can be secured from the land owners along the stream this may be done. The party also investigated the springs on the Burr Miller farm which feeds the stream, and Gen. Speaks pronounced them among the finest in the state.

The chief game warden recommended that a dam be built across the North Fork of the Licking river in the vicinity of Indiana street and the water which would be backed up to the water works dam could be made an excellent place for stocking with bass and other specimen of the fish tribe. In a few years it would become an excellent fishing ground.

Gen. Speaks and party left at 5:30 o'clock for Buckeye Lake where they expected to spend an hour before returning to Columbus.

## NEW BETHEL

The third quarterly conference for this council year will convene at New Bethel C. U. chapel May 21. Morning worship at 11; evening service, 7:30, conducted by the pastor, Rev. H. D. Wickens.

Mr. Herman Henderson of Columbus was over Sunday guest at the home of J. M. Welch.

Lon Higgins and family and James W. Grandstaff and wife spent Sunday with Marian Wickizer and family of Harlem.

W. S. Glaze and wife, Fred Glaze and family and Mr. and Mrs. Eliza Debolt spent Sunday at the home of H. J. Debolt.

James Ross and family spent Sunday at the home of Mr. and Mrs. Earle Downing.

Charles Sanford and wife and Mr. and Mrs. Gale Smith of Johnstown called on Mr. and Mrs. Howard Sanford Sunday evening.

Mr. and Mrs. S. A. Grandstaff entertained the following guests Sunday: Mr. and Mrs. Harry Wells of Appleton, Miss Nora Sheets of Croton, Mr. and Mrs. Harvey Disbennett and daughter Indus, and Mr. Jeff Disbennett of Harmony, Mr. and Mrs. H. D. Payne and daughter Mary, and Mr. and Mrs. I. N. Payne of Johnstown.

## Be Sure You Get 'G-E-T-S-IT' for Your Corns

Don't Let Any One Deceive You By Handing You Something Else For Corns.

There are imitations of "G-E-T-S-IT" the world's greatest cure, that are trying to "cash in" on "G-E-T-S-IT" success by deceit and by names that sound like "G-E-T-S-IT". Notice how it's spelled, "G-E-T-S-IT".

"You Wouldn't Lose Your Temper, John, If You Used 'G-E-T-S-IT' For Those Corns!"

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters, and contraptions for corns. Here's some 'G-E-T-S-IT'. It's just wonderful how easy, 'clear and clean' it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it—there's nothing to stick or roll up, form a bubble of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those salves, tapes, plasters, and use 'G-E-T-S-IT' and you'll have a sweeter disposition and no more corns and calluses."

It's an insult to your intelligence for any one to hand you an imitation. Accept no substitutes; get "G-E-T-S-IT".

"G-E-T-S-IT" is sold by druggists everywhere. A bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Newark and vicinity by E. J. Baker.

## DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism."

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet. A whole lot is being said about taking salts and effervescent tablets for rheumatism and sciatica, but those who suffer twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood T. J. Evans and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50 cents a bottle.

## TRUTHFUL NEWS REPORT IS AIM OF ASSO. PRESS

General Manager Stone Addresses Business Meeting of Editors in Columbus Yesterday.

Columbus, May 16.—Melville E. Stone of New York, general manager of the Associated Press, was the central figure in meeting here yesterday of Ohio editors connected with the gathering and publication of Associated Press news.

Plans to improve the efficiency of the service were discussed during business sessions and in the evening Mr. Stone spoke at a banquet at the Athletic Club, in which he emphasized that the Associated Press "earnestly, honestly and seriously" always is seeking to get truthful news reports.

"The best asset the Associated Press has is its reputation for integrity," he declared.

The A. P., he said, had been the victim of many lies and reckless charges, but he was proud of its record and resented a statement by any man that he is more truthful than the Associated Press.

James W. Faulkner, Columbus correspondent of the Cincinnati Enquirer, acted as toastmaster. Among those responding to toasts were Colonel E. S. Wilson of the State Journal, Arthur C. Johnson, managing editor of the Columbus Dispatch; Rand J. Dushman, Columbus correspondent of the A. P.; Professor Joseph S. Myers of the department of journalism at Ohio State University; Paul Cowles, Chicago manager for the A. P., and others.

John Kaiser, editor of the Register-Leader, Marietta, was chosen president of the organization of editors; Joseph Garrettsen of the Cincinnati Times-Star, vice president; R. J. Dushman, secretary, and C. W. Perry, editor of the Scioto Valley Gazette, Chillicothe, treasurer.

## 25 Years Ago

(From Advocate, May 16, 1891.)

After a very pleasant visit with friends in Mt. Vernon, Mrs. Edward Thomas has returned home.

Mr. J. S. Johnson the East Side druggist, is confined to his home on Stanberry street with pneumonia.

Mrs. Dr. Hatch, gave a very delightful entertainment yesterday afternoon from two to five in honor of Mrs. Johnson of Columbus the guest of Mrs. Knodle.

## 15 YEARS AGO TODAY.

(From Advocate, May 16, 1901.)

Mrs. Wallace Avery and daughter Doris are the guests of the former's sister, Mrs. C. Neilson, of Zanesville.

Mrs. Selah Connell, sister-in-law of Misses Lucy and Anna Connell, died yesterday afternoon near Dayton.

Horn to Mr. and Mrs. Jacob Miller 191 Cedar street, a daughter. Mother and babe doing fine.

## The World War a Year Ago Today—May 16.

British forces in northern France carried nearly two miles of German trenches northwest of La Bassee.

Admitted in Petrograd that Russian third army in West Galicia had been forced to retire to the line of the San and that a simultaneous retirement from the Carpathian passes had also been necessary. Military experts ascribed the retreat to lack of ammunition. Subsequent developments showed that the shortage of ammunition was serious, especially shells for artillery. Immense quantities had been taken from the Russians by the Germans in the several successful drives beginning at Tannenberg, East Prussia, in October, 1914. The defense of the Warsaw front had also been expensive in shells. It had also been alleged that some of the Russian artillery ammunition was imperfect.

## HUDDLESTON IS NAMED POSTMASTER AT CENTERBURG.

Washington, May 16.—Representative Ashbrook yesterday recommended James M. Huddleston for postmaster at Centerburg to succeed C. H. Bishop, who has held the office 16 years.

Hoolock, a lonesome monkey in the Central Park Zoo, New York, was miserable until the curator conceived the idea of taking phonographic records of his whining chatter. Now Hoolock listens to his own talk, thinks he has a companion and is perfectly happy.

## LIMA IS TO ENTERTAIN OHIO FIREMEN

Fire Chief Louis Bausch, today received a letter from the Lima Chamber of Commerce, containing some advertising matter pertaining to the coming Firemen's Convention to be held in Lima, June 12 to 16, inclusive. The Chief is looking after the matter of advertising and is making preparations to attend the convention.

Among the important questions to be discussed at the convention will be the pensions for disabled firemen and their widows and orphans. Other matters which are of importance to the firemen also will be discussed. The letter states that the Chamber of Commerce is making every effort to prepare to entertain these conventions on a larger scale than was ever attempted before.

New life saving contrivances, large motor trucks and combination fire fighting devices will be brought to Lima for demonstration before the thousands of firemen assembled there. Among the prominent speakers invited to address the firemen are Gov. Willis and ex-Governor Cox.

The Firemen's Protective Association, the Ohio Fire Chief's Association and the Lake Erie Volunteer Firemen's Association made up of volunteers in all towns of northwestern Ohio are to be represented in the convention. The meeting promises to be the largest gathering of firemen ever held in the state of Ohio.

## Abe Martin

STRAWS \$1, \$2, \$3 and \$4. GENUINE PANAMAS \$5 \$6 and \$7. Young's Soft Felt Hats for motoring, driving and dress and a splendid line of caps.

## THE NEW KING COMPANY

# Council Defeats Proposed Bond Issue for New Motor Fire Truck in East Newark

The city council last night voted down, temporarily at least, an ordinance providing relief for the East Newark people who have practically been deprived of adequate fire protection through the accident to the East Newark truck last week. Councilman Beadle's ordinance to issue bonds in the sum of \$5,000 was defeated on a motion to suspend rules for passage.

This action was taken when council was told that every bond issue meant just so much money taken from the general revenue for city operating expenses.

Substituted for the bond ordinance was a motion made by Councilman Adams providing for a special committee to investigate the matter with a view of recommending the purchase of new apparatus or rebuilding the old, at an estimated cost of \$750 as deemed advisable after the investigation.

It was pointed out that the makeshift now in use in East Newark was a hazardous proposition. The patrol wagon, it was agreed, was overloaded with hose and equipment and that a run over the rough streets in answering an alarm would be dangerous to men and horses. It was pointed out that new horses must be purchased soon if no motor equipment was installed and that with such installation, the purchase of such horses could be delayed for several years and the teams could be shifted to replace old and worn out horses now ready for retirement.

It was the cutting of the fund for running expenses that stalled the firemen. Despite the fact that the city auditor explained that the interest would be but a small item next year, councilmen did not see their way clear to relieve the situation.

From talks made on the floor of council, members expressed themselves as believing that 30 to 60 days should be taken in consideration of the matter; that estimates should be secured and other investigation made. In the meantime, the firemen stationed in the East Newark house must continue to use the discarded patrol wagon, which must be rented, must ride in the vehicle which is admitted to be dangerous, and East Newark people must do without the better fire protection which would be provided by the purchase of new equipment or repair of the old.

Council took no action on the proposition to grant permission to the Eagles for the use of the streets for carnival purposes. When a resolution came up for final action it was withdrawn.

All members were present when roll was called. Upon motion the reading of the minutes was dispensed with.

Mayor Bigbee reported Bascom L. Evans as member of the board of sinking fund trustees to succeed E. M. Baugher.

The street committee in its report recommended improvement of a street to the new Miller Packing company's plant; recommended a sewer in Central avenue; recommended the opening of Merchant street; recommended paving Church street from O. E. barn to Sixteenth; recommended a sewer in Ash street; recommended the paving of Day avenue; recommended passage of Harrison street sewer ordinance; and recommended that Tenth street, north of Hoover be cut down and graded and new sidewalks constructed. The committee reported unfavorably upon the petition to pave Clarendon street, and also upon the proposed opening of North avenue.

The law committee reported that the complaint of a fence on city property near the Shackelford property in Granville street, had been adjusted, Mr. Stewart agreeing to move the fence.

The sinking fund trustees reported the acceptance of \$2,350 worth of city portion bonds.

The auditor reported no funds available to pay Richard Dold rental for lot for election purposes. The letter was referred to the law committee.

Engineer Wells reported the estimated cost of the Garfield avenue sewer was \$389; amended cost of

St. Clair street, \$579.63; cost of Case avenue-Leroy street sewer, \$3,480.10.

Clerk Woodward reported the service of notices for the Cedar Crest avenue sewer. He also reported \$35 of the cemetery endowment fund ready for investment.

Petitions signed by 164 citizens, by D. A. Green of the Woodside church and by the First Presbyterian church, protested against the proposed street carnival.

Residents in Main street from Sixth street to Raccoon creek asked that the street be resurfaced instead of repaved as proposed. They also asked for a sanitary sewer in the street.

Fifth street residents asked that the width of the proposed paving be reduced from 35 feet to 26 feet.

Amelia Taylor and ten others protested against the proposed sewer and paving in Curtis avenue.

The American Tribune asked permission to temporarily set its printing press in the Arcade annex, while a new press is being erected.

An ordinance accepting the Jefferson Land company's second addition to the city was passed on suspension of rules.

An ordinance determining to proceed with the Cedar Crest avenue sewer was passed on suspension of rules.

The ordinance to construct a sewer in Harrison street was passed on suspension of rules.

An ordinance determining to proceed with the paving of Eleventh street was passed.

Mr. Knauber's resolution granting permission to the American Tribune to set a press in the alley was adopted. Mr. Curry voted no.

A resolution by Mr. Curry, appropriating fees for service connections, amounting to \$800, for use of the service department was adopted.

A resolution by Mr. Beadle authorizing the payment for changes in sewer construction in Indiana street amounting to \$175, was adopted.

A resolution by Mr. Keyes fixing the annual budget for 1917 was adopted.

Mr. Keys' resolution authorizing the clerk to invest \$35 in a certificate of deposit at 5 per cent interest, was adopted.

Mr. Keys resolution to prepare plans for the paving of Day avenue, was adopted.

A resolution granting permission to Edward Halsbeza permission to excavate in East Main street for a gasoline tank was adopted.

Mr. Stasel offered a resolution giving the Freedom Oil company permission to locate a gasoline tank in Church street. It was adopted.

Mr. Beadle's resolution to prepare plans for paving Cedar street from Main to Eastern avenue, was adopted on suspended rules.

The resolution authorizing the Easies to hold a carnival on the street, which was up for third reading, was withdrawn.

Council went back to consideration of ordinances and Councilman Beadle offered a resolution to issue bonds in the sum of \$5,000 to purchase a motor fire truck to replace the damaged truck at the East Newark station. Safety Director Bigbee reported that the Seagrave company estimated the cost of repairs on the old truck at \$790. After a lengthy discussion the motion to suspend rules was lost. Messrs. Adams, Alexander, Curry, Keyes, Seward and Shirer voting no; Messrs. Knauber and Beadle voting yes, and Mr. Stasel not voting.

Mr. Adams' motion to appoint a committee to investigate the advisability of purchasing new equipment or repairing the old apparatus was adopted. Messrs. Adams, Beadle and Curry were named as the committee.

Under the head of miscellaneous business, Councilman Knauber made a plea for greater civic pride in the city, urging new sidewalks around the square, so constructed that the unsightly bare spots where the grass has been worn away by persons leaving automobiles and other vehicles; urged uniform sidewalks and curbs, over the city and urged that all telephone and electric wires in the downtown district be put underground when the streets are repaved as proposed in legislation passed by council.

pany received the contract for building the Martinsburg-Utica pike and work will be started in a short time. Mrs. Arebelle Blackburn has purchased the Cyrus Darling property. Dr. and Mrs. W. E. Shrontz of Newark spent Sunday night with Dr. and Mrs. J. F. Shrontz.

Mrs. Emma Kerr has returned to her home here after spending the winter in Columbus with her daughter, Mrs. J. F. Schooler.

Fred J. Freese received a commission from Governor Willis last week appointing him a Notary Public for Knox county.

Dr. and Mrs. Cleary and Mr. and Mrs. Amos Van Winkle of Fallsburg spent Sunday afternoon with Mr. and Mrs. W. J. Van Winkle.

**Too Much.**

"Why must you always go out every time one of my women friends calls?"

"Well, my dear," responded her husband, "I am glad to meet your friends. But you must remember that I have heard the story of your Atlantic City trip about seventeen times now." — Indianapolis Star.

Irrigation projects under consideration for India involve about 10,000,000 acres of land.

## Why are so Many People Losing Their Hair?

That is a simple question to answer. How can you expect a hair to grow through a hair cell if the hair cell is completely stopped up?

Would you expect a plant to grow in a flower pot if the top of the pot was sealed up?

Your head, everybody's head, has approximately 175,000 hair cells.

If one half or two thirds of these cells are stopped up, how can you expect a luxuriant growth of hair?

**EVERY WEEK ANTI-SEPTIC OIL SHAMPOO** opens these hair cells. It dissolves the dandruff (dry or oily) and promotes the growth of the hair. It leathers freely and thoroughly cleanses the hair and scalp.

To keep the hair in best condition, men and children should have an oil shampoo every week, women, every other week.

Every Week Anti-Septic Oil Shampoo is sold for 50c per bottle by R. W. Smith's and Leading Stores Every Where.

# Says Woman's Beauty Depends Upon Health

Health and Vigor Necessary Reagents of Orogams of Kilmann.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for fifty cents a bottle for the baby and now it is my life; a trial bottle can be obtained, family standby in all cases where free of charge, by writing to Dr. W. A. Caldwell, 522 North Liberty St., Indianapolis, Ind., a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold Monticello, Illinois.

MRS. GERTRUDE JORDAN.

## MILLERSPORT

Miss Spangler, Miss Hoover, Mr. Miller, Mr. Shafer, teachers in Millersport public schools closed their schools for picnic Friday. All reported having a good time.

Miss Tillie White of Columbus is visiting her sister, Mrs. Lon Spurgeon and family of this place. The M. E. church of this place honored Mother's Day by a very interesting program given after Sunday school.

Mr. Carey Swisher and family were Newark visitors Sunday.

Miss Bertha Viall of Columbus spent Sunday with her parents, Mr. and Mrs. Milt Viall of this place.

The average meat consumption of the entire world is about 39 pounds a year per capita, but the American eats 172 pounds a year.

## CLUB WOMEN PLAN GREAT CONVENTION

TWENTY THOUSAND EXPECTED TO MEET IN NEW YORK MAY 22-JUNE 8.

Representatives From All Over the World Will Discuss Problems of Interest to Women.

ASSOCIATED PRESS TELEGRAM New York, May 16.—The club women of the country, two and a half million of whom are represented in the General Federation of Women's Clubs, have perfected a plan for the greatest convention in the history of the Federation in New York this month. The dates are May 22 to June 8. During those seventeen days it is expected that fully 20,000 women representing clubs in every state in the union, as well as some from Alaska, Japan, England, Hawaii and South America will attend many of the innumerable meetings and social functions that have been arranged.

The main drill hall of the Army of the Seventh Regiment of the New York National Guard, which will accommodate upwards of 8,000 women will be the principal meeting place. The Colonel's room and other officers' quarters will be turned over to the women for headquarters. The Army is located at 66th street, occupying an entire block between Lexington and Park avenues.

The chief executive is Mrs. Percy V. Pennington, the president of the Federation, whose home is in Austin, Tex., but who for the past two years has been traveling throughout the country keeping in personal contact with the activities of women's clubs. She will not be a candidate for re-election this year, however, and the question of her successor will be one of the most important items of business during the convention. The two candidates for the office are Mrs. Samuel B. Sneath of Tiffin, O., and Mrs. Josiah Evans Cowles, of Los Angeles. The Ohio candidate is at present first vice president of the Federation and is a club woman of wide experience. Mrs. Cowles, whose name has been put forward by the California women, has also been prominently identified with the Federation several years as director, treasurer, and chairman of various committees.

The General Federation has as its broad object the furtherance of every movement in the interest of women, children and mankind in general, and the program calls for reports and discussion by committees on art, child welfare, civics, civil service reforms, home economics, conservation, industrial and social questions, legislation, education, literature, music, public health—and under these headings come subjects ranging all the way from moving pictures to international relationship. One important announcement that will be made at the convention is the fact that the Federation has raised an endowment of \$100,000. The plan to raise such a sum was voted at the Cincinnati convention in 1910, and now that the sum has been realized it will be invested by trustees the interest being used to help carry on the work of the General Federation.

Many women prominent in New York club life will take their turns as hostesses to various sections of the great gathering. Mrs. Thomas A. Edison, for instance, will be one of the first to entertain the women, at her home at Llewellyn Park, N. J. Mrs. John Hays Hammond will be hostess at luncheon to all of the state presidents. Mrs. William Tod Helms will be hostess at a pioneer club women's dinner, and in addition there will be luncheons and dinners and other entertainments at various women's clubs. A Shakespearean masque, a reception at the Metropolitan Museum of Art and a number of other outside features will be included.

## ENJOYING PHONOGRAPH.

In the June Woman's Home Companion a writer makes the following suggestions:

"Into a blank book, I copy the words of songs and operas that I buy for my phonograph, and hand this book to my friends as I play the records. Understanding the words perfectly adds much to their pleasure."

## Vigorous Men and Women Are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood to your eyes.

Wendell's Ambition Pills the great nerve tonic, can't be best for that tired, feeling, nervous, troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

In two days you will feel better. In a week you will feel fine, and after taking one box you will have your old-time confidence and ambition.

Be sure and get a 50 cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them. Mail orders filled, charges prepaid by The Wendell Pharmaceutical Company, Inc., Springfield, N. Y.

## PROMOTES GOOD HEALTH.

Avoid badly ventilated places and as a protection against disease use safe and reliable Hyclorite frequently. As a mouth wash and gargle it destroys germs of odor and decay.

For cuts, bruises and burns it cleanses and prevents infection and helps to heal quickly and healthfully. Hyclorite is remarkably pure and economical. It is recommended by physicians, used in hospitals and extensively sold by druggists, because it is an antiseptic and germicide it acts instantly, is powerful yet positively safe and always dependable.

Keep Hyclorite on hand always as first aid for your protection. You never know when a skin scratch, cut or bruise will lead to blood poisoning.

General Laboratories, Madison, Wis.

## TOURMASTER'S RULES FOR TRIP TO ZANESVILLE

The following rules and regulations for the auto trip to Zanesville Thursday afternoon have been announced by the tourmaster, Dr. J. T. Lewis:

All cars participating in the run must park east of the city building on West Main street, around court house park, North and South Third street, North and South Second street and East Main street.

Chief of Police Sheridan and force of assistants will have complete charge of the lineup and cars must pass the city building in line. Keep in line the same place you start on West Main street at the city building.

The head of the line will wait for the rear just before going into Zanesville.

If you wish to stop for any cause raise arm as a signal and stop on the right side allowing room for cars to pass you to the left. When ready to resume run enter the line at first opening offered.

A speed of not to exceed eighteen or twenty miles per hour will be maintained. It is requested that drivers do not exceed twenty miles per hour on the return trip.

## To Destroy Dandruff

There is only one safe and sure way to get rid of dandruff and that is to kill the dandruff germ. To do this get a ounce of beto quinol from your druggist, mix it with half a pint of alcohol and half a pint of water. Rub a little of the mixture into the roots of the hair every night for a few nights, then once a week will be often enough. After three or four applications the dandruff will have entirely disappeared and the hair will become stronger, stop falling and take on new life. Falling hair and dull brittle hair is caused by the germ that feeds on dandruff and the only way to get rid of it is to kill the germ entirely.

## CINDERELLA TOLD IN ALL LANGUAGES

Do you know how many versions there are of "Cinderella"? This past winter a corps of dramatists were commissioned to write a great spectacle with the "maid of the glass slipper" as the heroine. Their research work pertaining to the well-known fairy tale. For instance, it was found that "Cinderella" first came to light in the nursery lore of France more than one hundred years ago. Since that time it has been translated into every known language and is quite as familiar to the children of Japan and India as it is to those of Iceland or the little folks of America. There are almost one hundred different versions of the story in English.

The dramatists referred to were employed by the Ringling Brothers and the spectacle which they produced is the feature of the big circus which is coming here Friday, May 26. It is said that the great abundance of material offered no small problem.

Finally, after reading an entire library of "Cinderella" stories, the producers selected those situations which seemed to be best known to the majority of people and around these they constructed the plot of the mammoth pantomime. The Ringling spectacle is probably the greatest that has ever been traveled in America.

The settings are erected on what is said to be the largest stage ever constructed. They include the palace of the king, the home of "Cinderella," the streets and highways in the fairy kingdom, the great ball room and grand staircase at the top of which Cinderella loses the glass slipper, court gardens set with flowers and electric fountains, and an endless number of lighting and mechanical effects by which the scenery is made to come from out the skies to favor the little lady of the chimney corner. The story is enacted by a cast numbering more than one thousand characters. Hundreds of horses take part in the tournaments, either hitched to gorgeous coaches of state or ridden by fair ladies and handsome cavaliers of the kind that are said to dwell in the "Never Never" land. The subject naturally lends itself to very beautiful costuming and these are of true courtly magnificence. It is said the most attractive are those worn by the hundreds of dancing girls who form the fairy band. Those used in the wonderful "Waltz of the Flowers" are the most beautiful ever seen in a spectacle.

There are many features with the Ringling Brothers' circus this season in the two hours of arctic performances which follow "Cinderella," but it is promised that the fairyland spectacle will surpass all else of the kind ever offered by the famous showmen.

Alexander the Great is said to have shaved his face, setting a style for his soldiers that enemies might have one less grating place in hand.

Mfg. by The Sweet Laboratories Company COLUMBUS, OHIO

**MARIETTA SPARTAN ART WOOD STAINS**

If you had the job of finishing the interior of a large public building, would you select your materials for quality or price?

Bear in mind the cost of the skilled workmanship on such a job.

A little figuring will show that you could not afford to use anything but the very best materials, because the better the materials the longer before it would be necessary to employ that skilled labor again.

used with Marietta Fillers are the best wood finishing combination it is possible to produce.

Specified on some of the largest buildings of the country, used by the leading furniture and piano manufacturers of the United States and Canada, therefore meeting the most exacting requirements.

Regardless of the size of the job, you can get the best results with MARIETTA Spartan Art Wood Stains and Marietta Fillers.

A high grade flat wall paint that is durable, washable and practical.

For Sale By MARIETTA PAINT & COLOR CO., General Offices, 28 Avenue D, C. Meigs, 500 East Main street, E. C. VANATTA, 400 North 3rd Street, F. G. DUGAN, Corner Williams and West Main; R. L. Williams, 322 Hudson Ave., JAY HUNT, St. Louisville, O.

The subject naturally lends itself to very beautiful costuming and these are of true courtly magnificence. It is said the most attractive are those worn by the hundreds of dancing girls who form the fairy band. Those used in the wonderful "Waltz of the Flowers" are the most beautiful ever seen in a spectacle.

There are many features with the Ringling Brothers' circus this season in the two hours of arctic performances which follow "Cinderella," but it is promised that the fairyland spectacle will surpass all else of the kind ever offered by the famous showmen.

Alexander the Great is said to have shaved his face, setting a style for his soldiers that enemies might have one less grating place in hand.

### Do You Keep Your Money Busy?

Is your money lazy? Does it lie around month after month earning 2 or 3 per cent, or nothing at all, when it might be finding a safe and legitimate way to earn 7%? You are quick enough to recognize the value of a man who is energetic and alert, and you know that he is worth three or four times as much as one who is lazy and indolent. But are you equally keen to appreciate the excellence of money that goes out into the world and keeps moving until it finds a safe berth where it can earn 7%?

Do you know that one of the safest and most convenient ways for your money to earn 7% is to buy the kind of industrial preferred stock we have been selling for twelve years? Do you know that you can verify this fact through any bank or commercial agency in Stark County, where our principal office is located? If you do know these things and your funds continue to idle along at 2 or 3 per cent, is there anyone but yourself to blame?

Perhaps you will say that you do not have time to make a study of investments. This is probably true. It is also true of more than 10,000 men and women, residing in thirty-five states, who have learned to rely on our recommendation in making their investments. During the past twelve years they have bought nearly \$20,000,000 par value, of preferred stocks from us without the loss of a dollar of principal or income.

If you have \$100 or more that should be put to work, send us your name and address today, and we will send you a booklet describing the 7% cumulative preferred stock of The Central Steel Company. This booklet contains financial statements and other accurate information which we place at your disposal, without expense or obligation, as part of our service to those who have money to invest.

## CARNIVAL

OPENS WITH GOOD CROWD  
THOUGH LIGHT WAS  
SCARCE IN PLACES.

Trouble With "Julio" Keeps a Number of Shows Dark—Attractions Are Sure to Please Crowds.

The Hampton's Great Empire Shows which is appearing at Union street and Wehrle avenue this week, under the auspices of the local lodge of Moose, started off with a whirl last night. The weather was ideal and a crowd estimated at 5,000 was present to celebrate the event of the first carnival of the season.

The Loyal Order of Moose is certainly to be congratulated in securing the Great Empire Shows for its attraction as the carnival is one of the largest and undoubtedly the cleanest organization that has ever visited this city. More than fifteen shows opened last night and there were still a number that were unable to open because of trouble with the electric current. There is ample room on the grounds for 10,000 people and the attractions are so situated that the crowded confusion usually in evidence at carnivals is entirely eliminated.

At the entrance to the grounds a number of concessions where you give the "wheel a ride of a dime" greet the visitors. There are candy wheels, doll wheels, fancy tableware wheels and in fact there are wheels for most anything, the carnivalists wish to take a chance with.

The Human Sli-Drome, featuring Thoma, a rider with an international motor-drome reputation, and Devalo, his partner, is easily the headlining attraction, that is if plenty of excitement is wanted. Last night Thoma opened the show, riding alone around the track, which is perpendicular, several times. He was followed by Devalo, who, with an especially constructed machine, made what is known as the "dip of death." This feat has resulted in so many deaths among the riders in the motor-drome world, that it has been named the "Dip of Death" by the riders.

Going to the top of the bowl, which is 110 feet in circumference, Devalo dips to the bottom of the bowl and then back to the top again. This is repeated a number of times. Then the two riders go on together and while one rider is hugging the top of the bowl, the rider below endeavors to gain an extra lap on the rider above. Last night the man below added two laps for good measure.

The next largest attraction which was in operation last night was Keiler Brothers one ring society circus. This show gives its patrons an opportunity to see on a small scale all the thrills of circuses under the large canvases. Especially is it attractive to the children with its clowns, the human roulette wheel, and the bucking mule.

The fat lady, a member of the 10 in 1 shows, dispensed photographs, and her sister, the Tiny Princess, who occupies an individual tent a few doors further down the midway. Thammattiger, the Hindoo Escape King, who breaks, heavy chains, escapes from chains with heavy padlocks and numerous other stunts, also is a big feature of the 10 in 1 show.

The Bowser-Livingston wrestling show was delayed in starting on account of the electric current being off, with the result that a number of the wrestling fans left thinking there would be no show. Bowser then the Tiescher Brothers on in the curtain raiser. Vance Wallace and Eppie Friener, in the preliminary and Bowser took on H. A. Pearson, the wrestling fireman from McKee's Rocks, Pa. This bout was to a finish and was attended by a fair sized crowd. The bout and the schedule for tonight will be announced in another column of today's paper.

Tonight the electric current will be in working order and a number of shows which were dark last night, will be in operation. The street car service was slow last night, but the Moose committee promises to have enough to handle the crowds.

The big carnival is under the management of J. C. Simpson, a former resident of this city eight years ago and who was a partner with Wallace Diment in the candy kitchen and ice cream parlors in the Y. M. C. A. building. The two gentlemen are enjoying a pleasant visit having trooped together some years ago. Mr. Diment operating sixteen concessions with one of the largest companies on the road.

**WELSH CAN'T BOX IN WISCONSIN FOR FOUR MONTHS.**

Milwaukee, Wis., May 16.—Freddie Welsh, lightweight champion yesterday was suspended by the Wisconsin athletic commission from engaging in boxing contests in Wisconsin for a period of four months for delaying his recent contest with Ever Hammer of Chicago half an hour and for violating the rule which provides for the filing of contracts with the commission. The charge that he had used an intoxicant during the bout was not sustained.

**MAISEL DISABLED WITH BROKEN BONE; CHASED HOME RUN.**

New York, May 16.—Fred Maisei, center fielder of the New York American League club, suffered a broken collar bone when he fell in chasing a home run in the sixth inning of yesterday's game with Cleveland. It was announced by the club last night and will be unable to play for a month.

### Diamond H Team Loses to Federals In Sunday Game

The Newark Diamond H. team suffered their first defeat of the season Sunday when they were trimmed by the Coshocton Federals on the latter grounds. Coshocton by bundling hits succeeded in taking the lead in the third inning and although Newark scored a run in each of the last four, they could not hold the Federals all they acquired the needed amount of runs. The feature of the Federals play was the hitting and base running of the entire team. The score:

Team	AB	R	H	E
Diamond H.	37	7	11	32
Federals	37	7	11	32

**ROBERTSON GETS AWAY WITH PLEA TO POLICE JUDGE.**  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, May 16.—Dave Robertson, rightfielder for the New York Giants, will appear before Justice Carlton Prouty of Winnetka, Ill., today on a charge of speeding in an automobile. Being a "Virginia gentleman" and having "honor" is all that saved him from being held in custody yesterday when Robertson had been out to lunch at a suburban hotel and had hurried back to Chicago for the afternoon game when he was arrested. He was taken before the justice where he gave his name and occupation. The justice consulted a sport sheet and remarked to the ball player:

"I see you made a home run yesterday and sent in three runs ahead." "Yes, sir, and I want to repeat to-day," Robertson answered. "Then I had better keep you here and perhaps the Cubs could win today," Justice Prouty said. "But on the honor of a Virginia gentleman," Robertson started to say when the justice broke in with "that will do. If you are a Virginia gentleman, you are good until tomorrow at 11 o'clock." Robertson reached the ball park in time for the game.

### WHITE IS AGAIN MATCHED WITH RITCHIE MITCHELL.

Milwaukee, Wis., May 16.—Charlie White of Chicago and Ritchie Mitchell of Milwaukee, lightweights, yesterday were matched to box 10 rounds here at 5 o'clock. A previous contest between them was called off because Mitchell was suffering from blood poisoning.

The husky lads who do the work of the say they have to it to FIVE BRO'S. It's the best you ever for a smoke with a real kick to it or a rich snappy chew that puts into you. It's the genuine old Southern Kentucky Long Cut - that's why

FIVE BROTHERS is made especially for you busy, brawny, two-fisted work-eaters who keep things roaring and whizzing all the day from dawn till dewy eve.

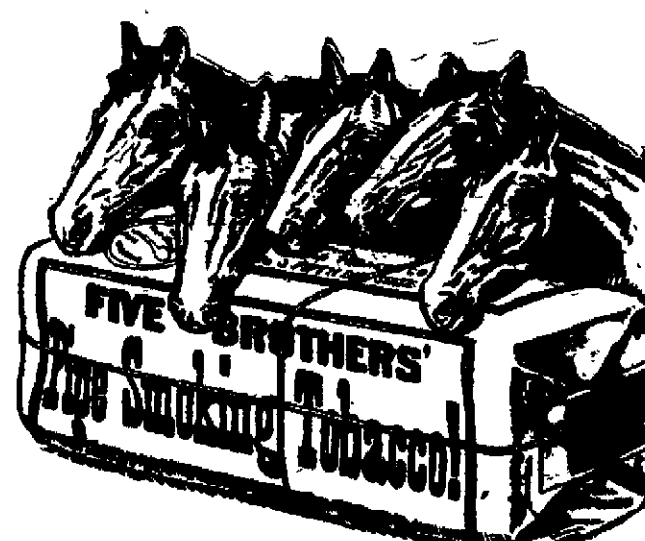

You want real tobacco and you get it in FIVE BROTHERS. A cheekful of it settles right down to a firm, plump, juicy chew. In the pipe it burns sure and even but not too fast.

The choice Southern Kentucky leaf in FIVE BROTHERS is aged from three to five years to bring out the rich, mellow flavor.

You "go to it" for a week's trial.

FIVE BROTHERS is sold everywhere—get a package today.

THE AMERICAN TOBACCO COMPANY

### BOWLING

The Arcade Market team won two out of three games from the Majestic team last night in the Pastime Quintette League games on the Pastime. The second game ended in a tie which the Market team won on the roll off. F. Keck had high score and Schenk high average.

Team	Score	Avg
Market	45	45
Majestic	40	40

**Monday's Results.**  
Wilson, 40; Market, 43.  
G. Keck, 61; 52.  
Kovig, 45; 45.  
Stoll, 55; 48.  
F. Keck, 75; 43.

**Today's Schedule.**  
The Pastime team won from the Picked team last night by 37 pins.

Team	Score	Avg
Schenk	55	51
Davis	50	48
Mallone	45	39
Winters	42	38

**Monday's Results.**  
Pratt, 56; 51.  
Stechow, 37; 45.  
Fessler, 44; 46.  
Kennedy, 47; 48.  
Greely, 62; 50.

**Today's Schedule.**  
MORIARTY WILL MANAGE MEMPHIS SOUTHERN ASSN.

Chicago, May 16.—George Moriarty veteran third baseman is to be released by the Memphis Southern Association club by the Chicago Americans. It was announced yesterday. He is slated to manage the club. His release will make room on the White Sox roster for Fred Mollwitz, Cincinnati first baseman, for whom negotiations were reported in progress last week, and for the return of Jack Noss, first baseman released to Baltimore.

**TUFTS CAPTAIN GOES TO GILBERT'S CLUB IN CENTRAL.**

Pittsburgh, Pa., May 16.—Bernard Lee, former baseball captain at Tufts College, has been sold by the Boston National League team to the Terre Haute Central League club, according to an announcement here today.

**MACK RELEASES FITCHERS.**

Philadelphia, May 16.—Manager Connie Mack of the Philadelphia American League club yesterday released Fitchers John Ray and Harry Weaver. Weaver goes to the Newport News team, and Ray will join the New Haven Conn. club.

**REDS GET FISHER.**

Los Angeles, Cal., May 16.—Robert Fisher, shortstop with the Los Angeles club of the Pacific Coast League, was sold today to the Cincinnati National League team by the Chicago National League last year.

White Crepe-de-Silk Jersey Suits  
Pongee Silk Suits  
Palm Beach Suits  
Silk Jersey Coats  
-chine Sport Dresses.

**W. H. Mazyer Company**

## B. & O. STAFF MEN BANQUET; OFFICIALS HERE

Thirty members of the general staff of the local division of the Baltimore & Ohio railroad company, held their regular "get-together" banquet last night in the McDaniel banquet hall in North Park Place. An elaborate course supper was served following which the members discussed railroad affairs of general importance.

G. F. Wright, chief train dispatcher of the Newark division served as toastmaster and called upon several visiting railroad officials for short talks.

The out of town officials of the Baltimore & Ohio railroad company present were District Passenger Agent F. P. Copper of Columbus, E. N. Kendall, division freight agent of Columbus, C. F. Leingang, freight agent Sandusky, C. L. Johnson, freight agent of Columbus, R. E. McKee, freight agent of Zanesville and H. E. Pyle, freight agent of Sandusky. All the employees of the local division offices were also in attendance.

**New Plan Adopted.**  
The Big Four Route has adopted a novel method of warning trespassers to keep off it right of way. This is a small card, a supply of which is being sent to all divisions. It reads:

"Friends: You have picked out a dangerous place to walk. Do you know that over 5,000 people are killed every year while doing just what you are doing now using the railroad track for a highway? They didn't expect a word to the wise is sufficient. Think it over."

The cards are furnished by M. A. Dow, General Safety Agent for the New York Central Lines. Employees of the company will be given some of the cards, and when they see a person walking on the track who has no right there one of the cards will be handed out.

**Yard Master Promoted.**  
John M. Condon, for two years yardmaster for the Erie in Marion, today was appointed to the position of General Agent on the staff of General Manager F. C. Robbins, with headquarters at Youngstown. Condon will be succeeded here by Night Yardmaster William Pohler.

## RESIGNED AFTER MANY YEARS USEFUL SERVICE

It comes as a surprise that Mr. Fred Wilson, after some 23 years of untiring and valuable service as letter carrier in this city, resigned the position on Monday morning. Mr. Wilson has not only been a popular carrier, in different routes of the city, serving the people and the government with faithfulness and ability, but he always rendered himself invaluable by his pains-taking methods. Whether in the Post-office on duty or any of the various routes he has served, Mr. Wilson always possessed the intelligence and educational usefulness that made his services valuable.

For a number of years he was the Newark representative of the Letter Carriers' organization of the State. Being a graduate of one of the State's leading institutions of learning and of a business college, Mr. Wilson possesses the educational qualification for any public duty to which he might be called to perform. His resignation as letter carrier will be regretted by many intimate acquaintances.

## TRAINMEN TAKE UP REPORTS OF 3 YEARS' WORK

(Associated Press Telegram)  
Detroit, Mich., May 16.—Presentation and official review of the reports of grand lodge officers are expected to be made at today's sessions of the Brotherhood of Railway Trainmen, which is holding its national convention here. The reports cover the work of the officers for the last three years.

Several cities are seeking the next convention. Louisville, San Antonio, Indianapolis and Philadelphia are the most prominent contenders.

## ASTHMA Simple Harmless Remedy Brings Quick Relief.

Many cases of immediate relief and rapid recovery from Bronchial Asthma of long standing and other diseases of throat and lungs are being credited to a discovery made by Dr. Eugene Howard of Worcester, Mass. Dr. Howard's prescription, which is totally different from all usual methods of treatment for these afflictions, is called Oxidaze and comes in the form of a tablet which the patient allows to dissolve slowly in the mouth. It's curative, healing juices mingle with the saliva and enter every crevice of the irritated bronchial membranes, release the muscular constriction of the bronchial tubes, open up the air passages and regulate the spasmodic lung action. These tablets, though pleasant to the taste, are so powerful and rapid in their action that many users who for years were obliged to sit up in bed gasping for breath and unable to sleep report that they now put a single Oxidaze tablet in their mouth when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep. W. A. Erman, The Kansas Drug Co., and many other local druggists who handle Oxidaze tablets sell it on the positive guarantee of money back if it does not give immediate relief.

**Ignorance Is Bliss.**  
"Do you think that women ought to govern?"  
"Oh yes," replied Miss Cayenne.  
"But I don't know whether it would always be wise to call public attention to the fact that they are doing so."—Washington Star.

**Perkins' Paradox.**  
"Can't Perkins support his wife?"  
"Why, he can support her all right, but he claims that she is insupportable."—Boston Transcript.

## Granville

(Special to The Advocate)

Granville, O., May 16.—Friends of Mrs. Ella Gurney Rausch were shocked today to learn of her sudden death last night from a stroke of apoplexy. Mrs. Rausch who has been a faithful and useful member of the Granville Circle of King's Daughters attended the meeting held in their rooms last evening apparently in a normal state of health. She entered into the spirit of the evening and at its close went into the kitchen to tell the hostesses how much she had enjoyed their supper, when the stroke came. She dropped to the floor in an unconscious condition and never spoke again. Help was summoned from the Masonic club room on the floor above and Mrs. Rausch was carried to her home. She was beyond human help and her death occurred in less than half an hour after she was stricken.

Mrs. Rausch belongs to one of Granville's old and respected families, and has always been identified with the best work of the village. She was a graduate of Granville Female College during W. P. Kerr's administration. She was an artist of some repute, especially in the water color studies in which she specialized. She had planned to teach in the summer school of the Eastern Institute where she had been engaged for two or three seasons past and seemed gratified to think she had made so remarkable a recovery from the severe and sudden illness she suffered some two months ago. She lived alone in the old family home in East Elm street, and since her illness her friends have been apprehensive as to her welfare. But after all their fears, she was surrounded by friends when the call came, and the end found her happy and contented. In the performance of duty. The funeral of the late John A. Alward who died Sunday night at his home in South Mulberry street, will be held on Wednesday afternoon, May 17, at the residence. Mr. Alward was born in Harrison township in May, 1841, being almost exactly 72 years old at the time of his death. He was unmarried. Interment will be made in Maple Grove cemetery.

Three horses were killed by lightning Sunday on a farm on the Columbus road, two of them belonging to Mr. Hal Jones who lives on the Huston farm and one to Mrs. Rouley on the farm adjoining. A barn belonging to Mr. J. M. Robinson on the Columbus pike was also struck by lightning, but no serious damage was done.

Broadway paving is progressing steadily if somewhat more slowly than could be desired. It seems to be difficult to secure as many men for road work as are necessary to rush the work. The big ditching machine works without a hitch however, and will soon be put to work at the gravel bank on North street. The contractors are making a smooth job of the excavations on the business block, so that vehicles will be able to stop in front of the stores.

The King's Daughters held their regular meeting last evening in the rooms in Linden Flats, with a good attendance and more than the usual enthusiasm. Miss Clara Evans was leader of the devotional service and Miss Mary Palmerston led the Bible study. A delicious supper was served by Mrs. Joshua Stark, Miss May Stark, Mrs. Ed King, Miss Morgan and Miss Belle McDonald. Many matters were discussed at the business session and among the important things decided upon was the plan to serve breakfast and luncheon in the rooms every day during Commencement week.

Denison Conservatory of Music announces a graduating piano recital by Miss Mabel Mead Jones, in Recital Hall, Wednesday, May 17, 1916 at 8 o'clock p. m. Miss Jones' program is an admirable one. Bach, Mozart, MacDowell, Cyril and Chopin being the composers featured.

Next week on Wednesday, May 24 the Conservatory offering will be a Beethoven Sonata recital by Miss Fannie Judson Ferrar head of the piano department in the Conservatory, assisted by Mr. Derwent S. Whittlesey, who will sing an aria from Beethoven's "Fidelio." After this week the recitals will begin promptly at 7:30.

Mr. Kenneth Ullman, manager of the Denison baseball team who spent the week-end with friends in Loudenville, enroute from Wooster, returned home last night.

## Theatres

Wednesday and Thursday Alhambra.

The appearance at the Alhambra, theatre Wednesday and Thursday, of Robert Warwick and Frances Nelson in the World Film five-part feature, "Human Driftwood," should be an item of exceptional interest to theatregoers in this city, for it is a certainty that when the hero of "The Man of the Hour," "The Dollar Mark," "The Fruits of Desire," "The Supreme Sacrifice," and a hundred other noted features, is shown in a feature among features.

"Autumn," a Red Feather drama in five parts will be shown at the Gem theatre Thursday afternoon and evening. This is the first picture in which Lieutenant Richards whose fad of dressing all the year round in white flannel trousers, white shirt open at the throat, white shoes and no hat has caused him to be one of the most remarkable figures of the ever-changing pageant on the New York streets.

At Mazda Wednesday. Wilbur H. Durborough's motion pictures "On the Firing Line With the Germans" are graphic illustrations of the efficacy of preparedness. They prove clearly that the defeat of the Russians was due to the very thorough plan made by the Germans. The film shows that the troops went into battle as if on parade.

Prof. and Mrs. Theodore Johnson who have been in Cleveland since Friday returned today to their home in West Elm street.

He Asks for a Sign.  
"Mummy, God doesn't love me."  
"What nonsense, Harry, boy, how can you say such a thing?"  
"It's true, Mummy. I tried Him with a daisy."—Sydney Bulletin.

**Smoke First, Fire Later.**  
Maud—Would you object to a husband who smoked in the house?  
Marie—Most decidedly. But I shall keep quiet about it until I get one.—Boston Transcript.

**Just One Application and the Hairs Vanish**  
(Toilet Talks.)  
Any woman can keep her skin free from unsightly hair or fuzz if she will follow these simple instructions: When hairy growths appear apply a simple paste, made by mixing some water with powdered talc. Apply this to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real daisy.

## Goodbye Corns! Cure Guaranteed

Hall's Painless Corn Cure a Marvel.

At last, a corn cure that gets rid of corns! A remedy that is guaranteed to work in every case. It brings the corn right out, you don't have to dig it out. The only corn and bunion cure of its kind in the world is Hall's Painless Corn Cure. The first application stops the pain. Hall's Painless Corn Cure is not a mere corn plaster or a salve that makes your corns swell or that "draws" and puts wrinkles in your feet from the awful pain. Hall's Painless Corn Cure is made and sold in this city by Frank D. Hall. It will cost you 25 cents, and will last longer than several purchases of another corn treatment. If you are not satisfied you can get your money right back on request.

## Today's Aid to Beauty

An especially fine shampoo for this weather, one that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be made at trifling expense by simply dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness and natural color also. Canthrox makes it seem much softer than it is. After a canthrox shampoo arranging the hair is a pleasure.
